

2013 Legislative Session

The Indiana General Assembly adjourned the 2013 legislative session in the early hours of April 27, 2013. Each session, IACT is active in trying to pass IACT's Legislative Initiatives and help shape legislation that supports cities and towns.

Increased road funding, local options for mass transit, statewide food and beverage tax authority and curbing the making of meth were just some of the issues IACT's team were engaged in during the 2013 session. Read some of IACT's Legislative Reports below to learn more.

Each year, city and town leaders come together at the Statehouse for [IACT's Legislative Day](#). Many thanks to our 2013 Legislative Committee Chair, Mayor Andy Cook of Westfield for his leadership, and to Governor Mike Pence for sharing his time. This year, we held the luncheon with legislators at the Statehouse and enjoyed a great turnout! Stay tuned for our 2014 Legislative Day information. We hope to see you there.
