

HB1002

TRANSPORTATION INFRASTRUCTURE FUNDING (SOLIDAY E) Provides for a one-time fuel tax rate increase using a multiyear index factor based on the last time the particular fuel tax rate was increased and the current fuel tax rate per gallon. (Gasoline tax is currently \$0.18, special fuel tax is currently \$0.16, and motor carrier surcharge tax is currently \$0.11.) Limits the one-time increase to \$0.10 per gallon. Provides for an annual rate increase in fuel tax rates based on an annual index factor. Limits the annual rate increase based on the annual index factor to \$0.01 per gallon. Provides that the last index factor adjustment to the fuel tax rates is July 1, 2024. Increases alternative fuel decal fees by 50%. Specifies that the motor carrier fuel surcharge tax must be paid on special fuel that is not an alternative fuel at the time of purchase (the same time the special fuel tax is paid), instead of being entirely paid using a quarterly return. (The surcharge tax applies only to motor fuel used by a carrier in Indiana.) Establishes a \$15 transportation infrastructure improvement fee that applies to the registration of all motor vehicles except motor vehicles with a declared gross weight that exceeds 26,000 pounds. Increases annual registration fees for certain motor vehicles with a declared gross weight that equals or exceeds 26,000 pounds. Requires a person who registers an electric vehicle to pay a supplemental registration fee of \$150 with an increase every five years based on an index factor. Provides that the gasoline use tax is distributed to highway funds beginning in 2018. Repeals restrictions on when a tolling project can be undertaken. Requires the Indiana department of transportation (INDOT) to seek a Federal Highway Administration waiver to toll interstate highways. Limits the first toll lanes under the waiver to certain interstate highways. Provides for a public comment period and requires replies to the public comments for a toll road project by INDOT or a tollway project carried out using a public private partnership. Imposes other duties on INDOT. Amends the assessment procedures for motor carrier civil penalties. Establishes the weigh-in-motion pilot program. Makes various changes to the local road and bridge matching grant program. Allows INDOT to approve certain railroad crossing projects, and authorizes the Indiana finance authority to finance an approved project subject to a maximum annual debt service limit of \$10,000,000. Annually appropriates \$250,000 to INDOT for the local technical assistance program to develop and maintain a centralized electronic statewide asset management data base. Makes various changes to the transportation funding exchange program between the state and counties and municipalities. Adds various study requirements. Continues the funding Indiana's roads for a stronger, safer tomorrow task force through December 31, 2018.

HB1043

REFERENDUM PROCESS AND REMONSTRANCE PROCESS (THOMPSON J) Amends the thresholds applicable to the petition and remonstrance process and the referendum process as follows: (1) Specifies that a project is a controlled project if the project will cost more than the lesser of: (A) \$10,000,000; or (B) the sum of 1% of the first \$100,000,000 of the gross assessed value of property within the political subdivision plus 0.5% of the total amount of that part of the gross assessed value that exceeds \$100,000,000. (2) Specifies that voters or property owners may initiate the petition and remonstrance process if the project is a controlled project but the project will not cost more than the lesser of \$20,000,000 or 1% of the gross assessed value of property within the political subdivision. (3) Specifies that voters or property owners may initiate the referendum process if the project is a controlled project and the project will cost more than the lesser of \$20,000,000 or 1% of the gross assessed value of property within the political subdivision. Requires that a political subdivision's notice of the preliminary determination to issue bonds or enter into a lease for a controlled project must also include information concerning the estimated amount of the political subdivision's debt service levy and rate that will result during the following 10 years if the political subdivision issues the bonds or enters into the lease, after also considering any changes that will occur to the debt service levy and rate during that period on account of any outstanding bonds or lease obligations that will mature or terminate. Provides for illustrative examples on the referendum ballot. Specifies a standard for determining whether a political subdivision has artificially divided a capital project into multiple capital projects for purposes of the prohibition against artificially dividing a capital project to avoid the requirements of the petition and remonstrance process or the local public question process for the issuance of bonds or other indebtedness. Relocates existing law concerning calculation of the cost of certain projects by a school corporation career and technical education school to a separate section within the controlled projects statute. Requires a political subdivision to: (1) conduct at least two public hearings on a preliminary determination concerning a controlled project (rather than one hearing under current law); and (2) make certain information available to the public at each of the public hearings. Provides that if a referendum for a controlled project or for a school operating referendum fund property tax levy is defeated, another referendum may not be held earlier than 700 days after the date of the first referendum (rather than 350 days under current law). Specifies that the 350 day limit applies if a sufficient petition requesting that limit is submitted by property owners or voters. Provides that a school corporation operating referendum fund property tax levy may be not imposed for more than eight years. (Current law provides that the referendum levy may not be imposed for more than seven years.) Applies to a referendum that takes place after June 30, 2017.

SB558

LEASES AND SALES OF REAL PROPERTY (HOLDMAN T) Amends the statute concerning landlord and tenant relations to provide that a unit may not regulate rental rates for privately owned real property, through a zoning ordinance or otherwise, unless the regulation is authorized by an act of the general assembly. (Current law provides that regulation of rental rates for such property must be authorized by an act of the general assembly.) Prohibits a political subdivision from imposing certain penalties against a tenant, an owner, or a landlord for a contact made to request law enforcement or other emergency assistance for one or more rental units if: (1) the contact is made by or on behalf of: (A) a victim or potential victim of abuse; (B) a victim or potential victim of a crime; or (C) an individual in an emergency; and (2) certain conditions apply. Specifies that a political subdivision is not prohibited from adopting an ordinance, a rule, or a regulation to impose a penalty for a request for law enforcement or other emergency assistance if the request is not made by or on behalf of: (1) a victim or potential victim of abuse; (2) a victim or potential victim of a crime; or (3) an individual in an emergency. Provides that if a political subdivision: (1) imposes a penalty under any such authorized ordinance, rule, or regulation; and (2) the prohibited request for law enforcement is made by a tenant in a rental unit; the penalty imposed must be assessed against the tenant and not against the landlord or owner of the rental unit.
