PROPERTY TAX MATTERS (LEONARD D) Excludes political subdivisions that do not have the power to impose ad valorem property taxes from the requirement to upload a digital copy of certain contracts on the Indiana transparency Internet web site. Specifies the deadlines for county auditors to submit property tax settlement and distribution information to the department of local government finance (DLGF). Repeals the electronic digital signature act. Amends the definition of "owner" (for purposes of the property tax statutes) to delete the provision specifying that an owner of tangible property includes the holder of a tenancy for a term of years. Deletes obsolete language in the statutes exempting certain business personal property with an acquisition cost of less than \$20,000. Specifies that a taxpayer eligible for such an exemption must include on the taxpayer's personal property tax return: (1) information concerning whether the taxpayer's business personal property within the county is in one location or multiple locations; and (2) an address for the location of the property. Eliminates (effective retroactive to July 1, 2017) several property tax deduction and credit reapplication requirements that were added by HEA 1450-2017 pertaining to unmarried taxpayers who married, married taxpayers who divorced, and taxpayers who came to own their property jointly or as tenants in common with another individual. Provides that if a local service fee is imposed on a taxpayer claiming such an exemption, the county shall include the local service fee on a property tax bill associated with the tax district in which the majority value of the taxpayer's business personal property within the county is located. Provides that a taxpayer may be charged only one local service fee per county. Specifies that if a penalty is imposed on a taxpayer for failing to declare on the taxpayer's tax return that the taxpayer is entitled to the exemption for business personal property with an acquisition cost of less than \$20,000, the county shall include the penalty on a property tax bill associated with the tax district in which the majority value of the taxpayer's business personal property within the county is located. Provides that the appropriate county officer designated by the county executive (rather than the assessor, under current law) is responsible for: (1) maintaining data files of the geographic information system characteristics of each parcel in the county as of each assessment date; and (2) submitting those files to the geographic information office of the office of technology. Provides that if an assessing official determines that the owner of a parcel of property is unable to use the property to the owner's full and complete benefit because: (1) the parcel is completely surrounded by parcels owned by other owners; and (2) the owner does not possess and cannot obtain an easement granting ingress or egress into the property or the owner is otherwise incapable of having sufficient ingress or egress to the property; the assessing official shall apply an influence factor for limited access as prescribed in the rules of the DLGF. Requires that the budget notice that political subdivisions must publish on the DLGF's computer gateway must also include information concerning the percentage change between the current and proposed tax levies of each fund. Requires county auditors to submit data on deductions applicable to the current tax year to the homestead property data base on or before March 15 of each year, in a manner prescribed by the DLGF. Repeals the statute providing for a county board of tax adjustment. Repeals provisions related to the county board of tax adjustment and the local budgeting process. Specifies that a political subdivision shall file the budget adopted by the political subdivision with the DLGF not later than five business days after the budget is adopted. Authorizes the

DLGF to adopt rules for procedures related to local government budgeting. Specifies that the adoption, amendment, or repeal of such a rule by the DLGF may not take effect before March 1 or after July 31 of a particular year. Specifies: (1) that rules adopted by the DLGF for the appraisal of real property may not apply to any appraisal contemporaneously being conducted under a county's reassessment plan; and (2) that rules adopted by the DLGF may first apply to the reassessment phase beginning in the following calendar year under a county's reassessment plan. Specifies that for purposes of attributing the amount of a property tax deduction or exemption to the gross assessed value of a property: (1) a deduction or exemption that is specific to an improvement shall be applied only to the assessed value allocation pertaining to that improvement; and (2) to the extent that a deduction or exemption is not specific to an improvement; the deduction or exemption shall be applied in the order that will maximize the benefit of the deduction or exemption to the taxpayer. Allows Green Township in Hancock County to increase its maximum permissible ad valorem property tax levy for the township's general fund to offset the reduction in the maximum levy that occurred beginning in 2003 that was based on the township's actual levy (levy banked amount). Provides for an alternative distribution of the certified share part of local income tax revenue in certain counties based on revenue and population of municipalities and townships in the county. Provides that the Jasper County local income tax (LIT) adopting body may adopt an ordinance to provide that property taxes imposed due to a referendum, adopted before July 1, 2015, are eligible for the property tax relief rate credit for distributing LIT revenue. Authorizes a county fiscal body to establish a salary schedule that includes greater compensation for the presiding officer or secretary of the county fiscal body or county executive if certain conditions are satisfied. Provides that a redevelopment commission may issue bonds or enter into leases with a term of up to 50 years to finance a project that includes, as part of the project, the use and repurposing of two or more buildings and structures that are: (1) at least 75 years old; and (2) located at a site at which manufacturing previously occurred over a period of at least 75 years. FINANCING AND TRANSPORTATION (SOLIDAY E) Adds a new article to the Indiana Code to consolidate and rewrite various statutes related to the Indiana finance authority (IFA), including statutes: (1) establishing the IFA; (2) specifying the powers, duties, and purposes of the IFA and the members of the IFA; and (3) governing the following programs and funds administered by the IFA: (A) state facility financing, health facility financing, educational facility financing, recreational development financing, and economic development project financing; (B) the wastewater revolving loan program, the drinking water revolving loan program, the supplemental drinking water and wastewater assistance program, and the environmental remediation revolving loan program; (C) the flood control revolving fund; (D) the infrastructure assistance program; (E) the local infrastructure program; and (F) the allocation of volume cap under federal law for private activity bonds. Repeals the existing statutes governing those programs and funds. Changes program and fund names. Repeals the statutes concerning: (1) funding and insurance for export promotion; (2) the clean coal technology program; (3) the agricultural loan and rural development project guarantee fund; (4) the issuance of bonds for the underground petroleum storage tank excess liability fund; (5) the powers of the IFA related to substitute natural gas contracts; (6) The broadband development program administered by the IFA; and (7) the IFA duty to monitor and study water quality after June 30, 2019. Adds two nonvoting legislative members to the IFA. Provides for the state, the IFA, and the northwest Indiana regional development authority to finance the northern Indiana commuter transportation district's construction of the mainline double tracking project and the West Lake corridor project. Requires the IFA to include in a request for proposals a statement that it will consider only offerors that have experience and quality performance in comparable projects in North America in the last two years with regard to entering into a public-private partnership for a toll road, freeway, or facility project. Requires the IFA to consider affiliates of the offeror, predecessors to the offeror, and parties that would be entering into a substantive contract with the offeror. Requires a resubmission of certain information from an offeror before the IFA holds the public meeting announcing its final selection. Requires, instead of allows, the IFA to require the filing of financial statements for the term of the public-private agreement. Eliminates using a public-private partnership for a communications infrastructure project. Continues current law appropriations for the wastewater and drinking water programs. Changes cross references to statutes that are being repealed and rewritten by the bill. Makes conforming and technical changes.

- HB1419 VARIOUS ALCOHOLIC BEVERAGE MATTERS (SMALTZ B) Establishes requirements that a sales clerk in a grocery

store or drug store must satisfy beginning July 1, 2020, in order to sell alcoholic beverages. Allows alcoholic beverages of any type to be sold from a portable structure or cart on a golf course. Repeals provisions regarding the following: (1) Malt manufacturer's permit. (2) Malt wholesaler's permit. (3) Malt dealer's permit. (4) Malt excise tax. (5) Seasonal resort hotel permit. Requires a grocery store or pharmacy to display alcoholic beverages in one area of the store. Maintains the escrow process for retailer or dealer permits deposited in escrow before July 1, 2019. Provides that for a retailer or dealer permit deposited in escrow after June 30, 2019, the permit may be deposited in escrow for not more than three (3) years. Amends for consistency provisions that allow a manufacturer of two types of alcoholic beverages, which has both production facilities in one building, to serve alcohol from both production facilities at a single service bar. Adds a similar provision in the law regarding artisan distilleries. Specifies that the holder of an artisan distiller's permit may hold only one other manufacturer's permit. Allows a patron to carry wine into a restaurant and the permit holder to charge a corkage fee for serving wine brought in by a patron. Requires the alcohol and tobacco commission (ATC) to post on the ATC's Internet web site quarterly reports of the noncompliance rates of permittees who were subject to certain ATC enforcement actions and to prepare an annual report of the noncompliance rates to transmit to the legislative council. Disqualifies persons from being eligible for certain alcoholic beverage permits or for appointment as an ATC commission member or member of the local ATC board if the person has certain criminal convictions within 10 years of the date of the application or appointment. Removes the requirement that these persons be of "good moral character". Defines "river" for purposes of a municipal riverfront development district project established after June 30, 2018, under the alcoholic beverage law. Provides that if a river is determined to be navigable, the determination has no legal effect beyond satisfying a requirement for establishing a municipal riverfront development district project. Removes a requirement that a county surveyor verify the location of a premises outside the corporate limits of a city or town of a person who applies for a beer retailer's permit (applicant) and specifies that the applicant may certify the location of the premises. Establishes the conditions when a county surveyor is required to verify the location of the premises of an applicant. Allows a retailer or dealer to extend credit to a customer for an alcohol purchase that the customer does not pay for before leaving the permitted premises. Allows the holder of a retailer's permit for a social or fraternal club to "run a tab" for a club member purchasing alcohol for personal use. Provides that an artisan distillery, a microbrewery, and a farm winery may operate a bar or service bar: (1) indoors or outdoors; and (2) that may be viewed from a street or public highway. Allows a retailer permittee or a holder of a supplemental caterer's permit operating at certain collegiate stadiums to purchase alcoholic beverages and have the alcoholic beverages stored in areas approved by the alcohol and tobacco commission to be later served at the stadium.

VARIOUS PROPERTY ISSUES (DORIOT B) Amends the statute concerning the Indiana coordinate system for describing real property to provide that coordinates based on specified coordinate systems and used to define the position of a point on a land boundary may not be presented to be recorded unless the recording document also contains: (1) the method used to relate the coordinates to the National Spatial Reference System; and (2) the name and zone of the coordinate system. Eliminates other reporting and certification requirements with respect to such recordings. Provides that if any coordinates (not specifically coordinates based on the Indiana coordinate system, as provided in current law) are used to describe a tract of land that is also described by a reference to the United States public land surveys: (1) the description by coordinates shall be construed as supplemental; and (2) in the event of a conflict, the description by reference to the United States public land surveys prevails over the description by coordinates. Provides that the statute does not require a purchaser or mortgagee of real estate to rely on a description, any part of which depends exclusively upon the Indiana coordinate system, unless the same description was previously used in a document conveying title to the real estate. Amends the statute concerning the statute of limitations for actions for the recovery of the possession of real estate to provide that such an action that: (1) involves a line located and established by a professional surveyor; and (2) accrues before the lines are located and established by the surveyor; must be commenced before the expiration of the appeal period set forth in the statute governing county surveyors. Amends the Indiana Code provision concerning the establishment of property lines by means of a legal survey to: (1) eliminate the exception to the required notice when all adjoining landowners consent in writing; and (2) specify that the lines established are binding on all affected landowners, including a landowner who claims title under a claim of adverse possession. Defines "original survey". Defines "retracement survey". Provides that, other than for descriptions of lots in new subdivisions, any new or modified real property description prepared by a professional surveyor as a product of an original survey or a retracement survey must include a caption that identifies: (1) the name and registration number of the professional surveyor preparing the description; and (2) the plat of survey produced as part of the original survey or retracement survey, including certain specified information. Repeals the section in the statute concerning the Indiana coordinate system that provides that the statute does not require a purchaser or mortgagee of real estate to rely on a description, any part of which depends exclusively upon the Indiana coordinate system. Makes conforming changes.

CEMETERY MAINTENANCE EXPENSES (KOCH E) Defines "immediate maintenance needs" of a cemetery and specifies that the income from a cemetery's perpetual care fund may be used to meet the cemetery's immediate maintenance needs. Provides that money in a cemetery's perpetual care fund may be invested in certificates of deposit, mutual funds, money market mutual funds, and other interest bearing accounts or funds. Allows the state board of funeral and cemetery service (board) to authorize a withdrawal of up to \$50,000 from the fund in response to an application concerning a cemetery in need of emergency maintenance. Authorizes the board to suspend the requirement that cemetery owners make payments to

the fund if the fund balance equals or exceeds \$500,000. (Under current law, the requirement to make payments to the fund can be suspended if the fund balance equals or exceeds \$250,000.) Provides, for purposes of the law concerning township care of cemeteries, that the maintenance of a cemetery includes mowing the lawn. Authorizes the trustee of a township to provide financial assistance for maintenance purposes to a cemetery that is operated by a nonprofit organization and located in the township if the trustee reasonably believes that: (1) the funds available to the cemetery from its perpetual care fund and other sources are not sufficient to provide for the necessary maintenance of the cemetery; and (2) providing financial assistance to the cemetery will help to prevent the full responsibility for maintenance of the cemetery from falling on the township. Provides that those cemeteries that are ten acres or less in size may not access the consumer protection fund for cemetery maintenance. (Current law provides that cemeteries that are: (1) ten acres or less in size; (2) owned and operated by a nonprofit mutual association in existence on June 14, 1939; and (3) in which burials took place before June 14, 1939; could not access the consumer protection fund for cemetery maintenance.) Provides that a member of the state board of funeral and cemetery service may serve not more than two consecutive terms on the board. Eliminates the consideration of a board member's service on the state board of embalmers and funeral directors as a limitation on the number of terms the member may serve on the state board of funeral and cemetery service.

PENSION SUPPLEMENTAL ALLOWANCE RESERVE ACCOUNTS (WALKER G) Establishes supplemental allowance reserve accounts (reserve accounts) within the legislators' defined benefit plan, the state excise police, gaming agent, gaming control officer, and conservation enforcement officers' retirement plan (EGC), the public employees' retirement fund (PERF), and the pre-1996 and 1996 accounts of the Indiana state teachers' retirement fund (TRF) for the purpose of paying postretirement benefit increases, thirteenth checks, and other benefit changes or adjustments granted by the general assembly after June 30, 2018. Requires that, after June 30, 2018, the state lottery commission (commission) transfer each quarter \$7,500,000 of the surplus revenue from the commission's administrative trust fund to the Indiana public retirement system (INPRS) for credit first to the pension stabilization fund and second to one or more of the reserve accounts as allocated by the INPRS board of trustees (board). (Current law transfers this amount to the pension stabilization fund.) Requires the contribution rate established by the INPRS board for 2019 and each year thereafter to include a surcharge that is paid to the applicable reserve account in an amount not to exceed 1% of the employer's payroll that is attributable to those employees who are members of PERF, the 1996 TRF account, or EGC. Provides that all amounts in the reserve account are available to pay postretirement benefit increases, thirteenth checks, or other benefit changes or adjustments, but a postretirement benefit increase, thirteenth check, or other benefit change or adjustment may be granted by the general assembly: (1) only in an odd-numbered calendar year; and (2) only if the postretirement benefit increase, thirteenth check, or other benefit change or adjustment: (A) may be funded from the uncommitted balance in the reserve account of the particular fund or plan; and (B) may be paid in the same amount or percentage, or by using the same formula or computation method, to members of each of the funds and plans. Makes changes to the actuarial evaluation and the actuarially determined contribution for each fund or plan to track postretirement benefit increases, thirteenth checks, and other benefit changes or adjustments granted by the general assembly after June 30, 2018, separately. Provides that, in each even-numbered calendar year, the INPRS board shall present to the interim study committee on pension management oversight an actuarial report concerning the status of each reserve account. Provides that the board may not pay a postretirement benefit change or adjustment, including a postretirement benefit increase, thirteenth

check, or other benefit change or adjustment granted by the general assembly after June 30, 2018, unless the change or adjustment is actuarially pre-funded. Appropriates to the INPRS \$40,000,000 from the personal services/fringe benefits contingency fund for credit to the PERF reserve account for purposes of paying postretirement benefit adjustments, including postretirement benefit increases, thirteenth checks, and other benefit changes or adjustments granted by the general assembly after June 30, 2018. FINANCING OF FLOOD CONTROL IMPROVEMENTS (RUCKELSHAUS J) Authorizes the Indianapolis metropolitan development commission (commission), following a written recommendation from the board of public works and approval of the legislative body, to adopt an ordinance designating an area as a flood control improvement district (district) to capture incremental property tax revenue within the district to be used for the construction, replacement, repair, maintenance, or improvement of flood control works. Provides that only special flood hazard property may be included within the boundaries of a district. Defines "special flood hazard property" as property that on January 1, 2018, is situated in a special flood hazard area as designated by the Federal Emergency Management Agency. Provides that a district may not include any property that is already included in a tax increment financing allocation area. Provides that, before making a recommendation to the commission to establish a district, a board of public works must: (1) establish the boundaries for the district; (2) identify the owners of each parcel of property in the district; (3) create a proposed plan for flood control works within the district; and (4) hold a public hearing on the proposed district. Provides that the fiscal officer of the county shall establish a flood control improvement fund (fund) for each district that is established within the county. Provides that the commission shall administer the fund. Provides that the incremental property tax revenue from a district shall be deposited in the fund and used only for providing flood control works within the boundaries of that district. Provides that the commission may issue bonds payable from the fund for the purpose of construction, replacement, repair, maintenance, or improvement of flood control works. Specifies the types of costs for flood control works that may be funded from a bond issue including reimbursement to the county for expenditures made from the county's storm water fund for flood control works prior to the bond issuance. Provides that, in lieu of issuing bonds, the fiscal body of the county may adopt an ordinance to authorize money in a fund of a district to be applied to reimburse debt service payments made on bonds for which revenue from the county's storm water fund is pledged, if the bonds for which the reimbursements are made were issued solely for the purpose of construction, replacement, repair, maintenance, or improvement of flood control works that are located within the district for which the fund was established. Allows the county to adopt an ordinance to continue distribution and allocation of property taxes after bond maturity, solely for the purpose of maintenance and repair of flood control works within the district for not more than 50 years. Requires a commission to make an annual report to the fiscal body of the county and submit a copy of the report to the department of local government finance.
