BROADBAND GRANTS AND HIGH SPEED INTERNET SERVICE (OBER D) Authorizes the office of community and rural affairs (office) to award grants to qualified broadband providers in connection with qualified broadband projects involving the deployment of infrastructure to provide qualified broadband service in unserved areas in Indiana. Defines "qualified broadband service" as a connection to the Internet at an average speed of at least ten 10 megabits per second downstream and at least one megabit per second upstream, regardless of the technology used. Defines an "unserved area" as a geographic area in Indiana in which there is not at least one provider of terrestrial broadband service at the designated speeds. Provides that grants shall be made from the rural economic development fund. Provides that in awarding grants, the office shall give priority to first extending the deployment of qualified broadband service to areas in which: (A) Internet connections are unavailable; or (B) the only available Internet connections provide for an average speed of less than 10 megabits per second downstream. Sets forth factors that the office must consider in determining whether to award a grant. Sets forth conditions that apply to the awarding of grants. Requires the office to adopt guidelines to implement these provisions and authorizes the office to collaborate with state agencies and political subdivisions in adopting the guidelines and administering grants. For purposes of the statute concerning the high speed Internet service deployment and adoption initiative (initiative), changes the minimum speed thresholds for high speed Internet service to at least 10 megabits per second downstream and at least one megabit per second upstream. (Current law sets the minimum speed threshold at 384 kilobits per second in at least one direction.) Amends the Indiana Code section that requires the economic development corporation (IEDC) to map the availability of broadband service in Indiana as part of the initiative to require the IEDC to publish the map created as a data layer to the statewide geographic information system (GIS) base map. Authorizes the office of technology, in addition to the IEDC, to apply for state broadband and development

grants under specified federal laws and any other sources for state or federal grants. Reorders the priorities that the IEDC is required to establish in developing and implementing the initiative. Changes the minimum and maximum speed thresholds for those geographic areas which are designated as priorities under the initiative. Amends the Indiana Code section that allows a holder of video service franchises issued by the utility regulatory commission (IURC) to apply to the IURC for direct marketing authority in a service area served by the holder to specify that such authority includes the authority to market directly to all businesses, as well as all households (as set forth in current law), in the service area. Prohibits the department of transportation (INDOT) from charging an access rate for communications infrastructure that is located before March 14, 2018, in any rights-of-way that are owned or controlled by INDOT. Directs the IURC to study certain topics regarding broadband services in Indiana and issue a report to the interim study committee on energy, utilities, and telecommunications before October 1, 2018.

HB1104

TAX MATTERS (LEONARD D) Excludes political subdivisions that do not have the power to impose ad valorem property taxes from the requirement to upload a digital copy of certain contracts on the Indiana transparency Internet web site. Provides that if a political subdivision publishes or submits to the department of local government finance's (DLGF) computer gateway a notice that contains an error or omission that inaccurately reflects the tax rate, tax levy, or budget actually proposed or fixed by the political subdivision by an amount that is less than 0.25%, the notice is a valid notice and the DLGF shall correct the error or omission. Specifies the deadlines for county auditors to submit property tax settlement and distribution information to the DLGF. Repeals the electronic digital signature act. Amends the definition of "owner" (for purposes of the property tax statutes) to delete the provision specifying that an owner of tangible property includes the holder of a tenancy for a term of years. Deletes obsolete language in the statutes exempting certain business personal property with an acquisition cost of less than \$20,000. Specifies that a taxpayer eligible for such an exemption must include on the taxpayer's personal property tax return: (1) information concerning whether the taxpayer's business personal property within the county is in one location or multiple locations; and (2) an address for the location of the property. Provides that if a local service fee is imposed on a taxpayer claiming such an exemption, the county shall include the local service fee on a property tax bill associated with the tax district in which the majority value of the taxpayer's business personal property within the county is located. Provides that a taxpayer may be charged only one local service fee per county. Specifies that if a penalty is imposed on a taxpayer for failing to declare on the taxpayer's tax return that the taxpayer is entitled to the exemption for business personal property with an acquisition cost of less than \$20,000, the county shall include the penalty on a property tax bill associated with the tax district in which the majority value of the taxpayer's business personal property within the county is located. Eliminates (effective retroactive to July 1, 2017) several property tax deduction and credit reapplication requirements that were added by HEA 1450-2017 concerning unmarried taxpayers who married, married taxpayers who divorced, and taxpayers who came to own their property jointly or as tenants in common with another individual. Provides that the appropriate county officer designated by the county executive (rather than the assessor, under current law) is responsible for: (1) maintaining data files of the geographic information system characteristics of each parcel in the county as of each assessment date; and (2) submitting those files to the geographic information office of the office of technology. Provides that if an assessing official determines that the owner of a parcel of property is unable to use the property to the owner's full and complete benefit because: (1) the parcel is completely surrounded by parcels owned by other owners; and (2) the owner does not possess and cannot obtain an easement granting ingress or egress into the property or the owner is otherwise incapable of having sufficient ingress or egress; the assessing official shall apply an influence factor for limited access. Requires that the budget notice that political subdivisions must publish on the DLGF's computer gateway must also include information concerning the percentage change between the current and proposed tax levies of each fund. Provides that a person seeking a property tax exemption for property used for a charitable purpose may file an exemption application up to 30 days following the statutory deadline for the exemption application if the person pays a late filing fee. Requires county auditors to submit data on deductions applicable to the current tax year to the homestead property data base on or before March 15 of each year, in a manner prescribed by the DLGF. Repeals the statute providing for a county board of tax adjustment. Repeals provisions related to the county board of tax adjustment and the local budgeting process. Specifies that a political subdivision shall file the budget adopted by the political subdivision with the DLGF not later than five business days after the budget is adopted. Authorizes the DLGF to adopt rules for procedures related to local government budgeting. Specifies that the adoption, amendment, or repeal of such a rule by the DLGF may not take effect before March 1 or after July 31 of a particular year. Specifies: (1) that rules adopted by the DLGF for the appraisal of real property may not apply to any appraisal contemporaneously being conducted under a county's reassessment plan; and (2) that rules adopted by the DLGF may first apply to the reassessment phase beginning in the following calendar year under a county's reassessment plan. Specifies that for purposes of attributing the amount of a property tax deduction or exemption to the gross assessed value of a property: (1) a deduction or exemption that is specific to an improvement shall be applied only to the assessed value allocation pertaining to that improvement; and (2) to the extent that a deduction or exemption is not specific to an improvement; the deduction or exemption shall be applied in the order that will maximize the benefit of the deduction

or exemption to the taxpayer. Allows Green Township in Hancock County to increase its maximum levy for the township's general fund to offset the reduction in the maximum levy that occurred beginning in 2003 that was based on the township's actual levy (levy banked amount). Provides that the DLGF shall make a one time, temporary increase in the Goshen Public Library's maximum levy for 2019 if the governing body of the library petitions for the increase. Authorizes a county fiscal body to establish a salary schedule that includes greater compensation for the presiding officer or secretary of the county fiscal body or county executive if certain conditions are satisfied. Specifies that the base assessed value for tax increment financing purposes includes the net residential assessed value within the allocation area, as finally determined for the current assessment date. Provides that a redevelopment commission may issue bonds or enter into leases with a term of up to 35 years to finance a project that includes, as part of the project, the use and repurposing of two or more buildings and structures that are: (1) at least 75 years old; and (2) located at a site at which manufacturing previously occurred over a period of at least 75 years. Specifies that in the case of an allocation area for such a project, the expiration date of the allocation provision may not be more than 35 years after the date on which the allocation provision is established. Provides that in case of such a project, a pass through entity may allocate an industrial recovery tax credit among its shareholders, partners, beneficiaries, or members of the pass through entity as provided by written agreement. Provides for an alternative distribution of the certified share part of local income tax revenue in certain counties based on revenue and population of municipalities and townships in the county. Voids an annexation remonstrance waiver (waiver) executed on or before July 1, 2003. Void

HB1109 VARIOUS PENSION MATTERS (CARBAUGH M) Provides that the default investment option for the legislators' defined contribution plan is a target date fund rather than the Indiana public retirement system's (INPRS) consolidated retirement investment fund. Removes a requirement that only active members of the public employees' retirement fund (PERF) and the Indiana teachers' retirement fund (TRF) may make rollover distributions into annuity savings accounts (ASA) from other qualified retirement accounts. Allows any PERF or TRF member who terminates employment and is not currently employed in a covered position or for the same employer to suspend fund membership, retain the member's creditable service, and withdraw all or part of the amount in the member's ASA before retirement. Requires employers eligible to purchase death benefit fund coverage for certain employees to pay for the coverage annually rather than quarterly. Removes charitable contributions as a voluntary benefit deduction for the 1977 police officers' and firefighters' pension and disability fund and the state excise police, gaming agent, gaming control officer, and conservation enforcement officers' retirement plan. Revises the effective date of participation by a political subdivision joining PERF from the earlier of January 1 or July 1 to a date approved by the INPRS board of trustees, but not later than 60 days after the date the political subdivision's PERF participation is approved. Makes technical corrections. (The introduced version of this bill was prepared by the interim study committee on pension management oversight.)

Provides that a county's maximum funding amount for a year is equal to the maximum funding amount for the previous year multiplied by the percentage change in the county's general fund property tax levy, after subtracting circuit breaker credits (but provides that the maximum funding amount will not be less than the preceding year's maximum funding amount). Phases-in this change in the case of Marion County. Requires the department of local government finance (DLGF) to verify the maximum appropriation calculation as part of the DLGF's certification of the county's budget. Specifies that the funding provided by a county to community mental health centers shall be used solely for: (1) the operations of community mental health centers serving the county; or (2) contributing to the nonfederal share of medical assistance payments to community mental health centers serving the county. Provides that unless otherwise agreed to by the county and the community mental health center, the county payment to the community mental health center shall be paid by the county treasurer to the treasurer of the community mental health center's board of directors at least as frequently as semiannually (in July and in December). Provides that a county's funding for community mental health centers shall be apportioned according to the proportion of: (1) the county's population residing in the primary service area of each center that is certified by the division of mental health and addiction; to (2) the total population of the county. Deletes provisions requiring the county to pay the appropriated amounts to the division of mental health and addiction (the division). Provides that the governing board of a community mental health center must include a member of a county fiscal body or a member of a board of county commissioners, appointed by the board of county commissioners of the county where the community mental health center maintains its corporate mailing address. Requires the annual report by a community mental health center to be made to the division of mental health and addiction (division) and to the fiscal body and the board of county commissioners of each county located in the community mental health center's primary service area. (Under current law the report is made only to the county fiscal body.) Specifies certain information that must be included in the annual reports provided by community mental health centers. HB1233

ENVIRONMENTAL MANAGEMENT MATTERS (WOLKINS D) Provides that the term "onsite sewage system" applies to systems that treat sewage from municipalities or publicly owned treatment works. Strikes an incorrect statutory reference in the section defining that term. Amends the air pollution control law to add a reference to the law

establishing the procedure for environmental rule making. Authorizes the use of certain regulated combustion facilities to dispose of drugs confiscated or collected as evidence by law enforcement agencies. Provides for the renewal of the certificate of a wastewater treatment plant operator, water treatment plant operator, or water distribution system operator after three years (instead of two years). Authorizes the environmental rules board to establish: (1) continuing education requirements; and (2) dates by which fees must be paid and proof of compliance with continuing education requirements must be submitted; as a condition of certificate renewal for wastewater treatment plant operators, water treatment plant operators, and water distribution system operators. Repeals a section providing that a countywide regional water, sewage, or solid waste district established in response to an agreed order must have one appointed trustee who resides in the area that was the subject of the investigation resulting in the agreed order and one appointed trustee who is an elected official representing a political subdivision that has territory in the district. Provides that an employee of a solid waste management district (SWMD) who is also a member of the county executive, legislative body, or fiscal body, after the SWMD is dissolved: (1) may continue to hold the employee's elected office; (2) is neither required to resign nor considered to have resigned as a county employee; and (3) may not cast a vote on any matter concerning solid waste management as a member of the county executive, legislative body, or fiscal body. Provides that, with certain exceptions and conditions, the board of a regional district must have at least: (1) two members who are ratepayers of the district if the board has seven members; or (2) three members who are ratepayers of the district if the board has nine, 11, or 13 members. Provides that after December 31, 2018, the executive of a municipality may not appoint an employee of the municipality as a member of the board of trustees of a regional sewage district, and the fiscal body or executive of a county may not appoint an employee of the county as a member of the board of trustees of a regional sewage district. Makes it a Class B misdemeanor: (1) to make a false material statement or representation in a form, notice, or report required under an air pollution control permit or water pollution control permit; (2) to tamper with or falsify data from an air or water pollution monitoring device; or (3) to make a false material statement or representation in a label, manifest, record, report, or other document required under a hazardous waste permit. Makes it a Class B misdemeanor to transport regulated used oil without a manifest. Makes it a Class C misdemeanor to knowingly violate certain air pollution control rules, permit conditions, or fee or filing requirements. Makes it a Class A misdemeanor to willfully or negligently violate certain water pollution control rules, permit conditions, or fee or filing requirements. Defines "negligently." Provides for potential fines for environmental Class A misdemeanors and Class B misdemeanors in an amount exceeding the ordinary statutory limit on fines for Class A and Class B misdemeanors. Provides that it is a felony for a person to knowingly commit any of certain offenses involving hazardous waste, air pollution, or water pollution if the person knows that the person's act places another person in imminent danger of death or serious bodily injury. Sets forth certain factors that a court may consider when imposing a fine for an environmental offense. Requires the state department of health to adopt rules concerning: (1) the disposal of sewage through the use of onsite sewage systems for municipalities and publicly owned treatment works and (2) sewage disposal in agricultural labor camps through methods other than septic tank absorption fields.

OCCUPATIONAL LICENSING (DEVON D) Provides that the state and a local governmental unit (unit) shall explicitly list the crimes that will disqualify an individual from receiving an occupational license. Provides that the use of an individual's conviction of a crime as a disqualifying criminal conviction is limited to a crime that specifically and directly relates to the duties and responsibilities of the occupation for which the individual is applying for or holds a license. Provides that the period of disqualification may not exceed five years unless the individual: (1) was convicted of a crime of violence or an offense relating to a criminal sexual act; or (2) is convicted of a second or subsequent crime during the disqualification period. Provides that an individual having a criminal conviction may at any time petition the board or unit requiring a license for a determination as to whether the individual's criminal conviction will disqualify the individual from receiving that license. Requires the professional licensing agency to consult with the small business ombudsman, OMB, and representatives of local units to develop and submit by November 1, 2018, a report to the legislative council concerning proposed policies and parameters for the licensing of occupations and professions by local units in order to reduce or eliminate redundant licensing by the state and multiple local units. ECONOMIC DEVELOPMENT (TORR J) Provides that, if the Indiana economic development corporation (IEDC) determines that a business, school corporation, or charter school (entity) that has received a grant award under the skills enhancement fund program is noncompliant with the terms of its grant agreement, the IEDC shall, after giving notice to the entity and an opportunity to explain the noncompliance, provide the entity with a written demand for return or repayment of an amount not to exceed the sum of all grants previously awarded to the entity. Provides that, if the entity fails to repay the IEDC, the IEDC may notify the department of state revenue (department) of the noncompliance and request that the department exercise its authority under the department's refund set off program to recover the sum of all grants previously awarded to the entity. Provides that the IEDC is authorized to participate in the refund set off program. Provides for the expiration of provisions in the enterprise zone statute relating to the functions of the IEDC, and authorizes similar functions to be performed by: (1) the urban enterprise association (U.E.A.) in the enterprise zone; and (2) the fiscal body of the municipality in which the enterprise zone is located. Provides for the expiration of the provision that requires a zone business to pay a registration fee to the IEDC. Eliminates the enterprise zone fund. Provides that any money remaining in the fund after its expiration shall revert to the economic development fund. Retains provisions in current law that require each zone business that receives an incentive to assist the U.E.A. in the enterprise zone in an amount determined by the legislative body of the municipality (legislative body) in which the zone business is located. Provides that the legislative body may pass an ordinance disqualifying a zone business from eligibility for incentives if the zone business does not assist the U.E.A. Provides that the legislative body may, in certain circumstances, impose an additional fee that is equal to 1% of all the zone business's incentives. Authorizes the U.E.A. in an enterprise zone to do the following: (1) Adopt guidelines for the disqualification of a zone business. (2) Modify the boundaries of the enterprise zone. Provides that the board of the IEDC may not renew an enterprise zone during a phase out period after June 30, 2018. Provides that an enterprise zone that was not renewed under those provisions between January 1, 2017, and June 30, 2018, may be renewed for an additional five year period if the fiscal body of the municipality adopts a resolution to renew the enterprise zone for an additional five year period. Amends the definition of "lender" under the capital access program for the period beginning after June 30, 2018, and ending before July 1, 2021, to include: (1) a credit corporation; and (2) other specified entities that are approved as a lender by the IEDC in accordance with policy guidelines adopted by the board of the IEDC. Decreases the minimum premium charges payable to the reserve fund account for the capital access program from 1.5% to 1%. Repeals and replaces the definition of "disadvantaged business enterprise" used for purposes of determining the premium charges payable to a reserve fund account to incorporate the definition of "small disadvantaged business" under the federal regulation that applies to the United States Small Business Administration. Repeals the statute authorizing the department to carry out a centralized debt collection program for use by state agencies to collect delinquent amounts owed to state agencies. DISPOSITION OF TAX SALE SURPLUS (SLAGER H) Amends the definition of "substantial property interest of public record" for purposes of the tax sale statutes to specify that: (1) the term means title to or interest in a tract that is within the tract's chain of record title and either recorded or properly indexed in the county in which the tract is located; and (2) chain of record title includes instruments executed by the owner within the five day period before the date the owner acquires title to the tract. Eliminates the requirement that a person that redeems property sold in a tax sale must pay an amount equal to the amount deposited in the tax surplus fund at the time of the tax sale.

Continues current law requiring the redeeming party to 5% interest on that money. Requires that a conveyance recorded after June 30, 2007, must include a statement specifying the mailing address for tax statement purposes and the mailing address of the grantee. Requires that the mailing address of the grantee be a street address or a rural route address.

VARIOUS PROPERTY ISSUES (DORIOT B) Amends the statute concerning the Indiana coordinate system for describing real property to provide that coordinates based on specified coordinate systems and used to define the position of a point on a land boundary may not be presented to be recorded unless the recording document also contains: (1) the method used to relate the coordinates to the National Spatial Reference System; and (2) the name and zone of the coordinate system. Eliminates other reporting and certification requirements with respect to such recordings. Provides that if any coordinates (not specifically coordinates based on the Indiana coordinate system, as provided in current law) are used to describe a tract of land that is also described by a reference to the United States public land surveys: (1) the description by coordinates shall be construed as supplemental; and (2) in the event of a conflict, the description by reference to the United States public land surveys prevails over the description by coordinates. Provides that the statute does not require a purchaser or mortgagee of real estate to rely on a description, any part of which depends exclusively upon the Indiana coordinate system, unless the same description was previously used in a document conveying title to the real estate. Amends the statute concerning the statute of limitations for actions for the recovery of the possession of real estate to provide that such an action that: (1) involves a line located and established by a professional surveyor; and (2) accrues before the lines are located and established by the surveyor; must be commenced before the expiration of the appeal period set forth in the statute governing county surveyors. Amends the Indiana Code provision concerning the establishment of property lines by means of a legal survey to: (1) eliminate the exception to the required notice when all adjoining landowners consent in writing; and (2) specify that the lines established are binding on all affected landowners. Defines "original survey". Defines "retracement survey". Provides that, other than for descriptions of lots in new subdivisions, any new or modified real property description prepared by a professional surveyor as a product of an original survey or a retracement survey must include a caption that identifies: (1) the name and registration number of the professional surveyor preparing the description; and (2) the plat of survey produced as part of the original survey or retracement survey, including certain specified information. Repeals the section in the statute concerning the Indiana coordinate system that provides that the statute does not require a purchaser or mortgagee of real estate to rely on a description, any part of which depends exclusively upon the Indiana coordinate system. Makes conforming changes.

WORKER'S COMPENSATION (FORD J) Establishes a time frame for the payment of compensation under a settlement agreement, a permanent partial impairment agreement, and an award of compensation ordered by a single hearing member of the worker's compensation board (board). Provides that an employer that fails to make a timely payment is subject to a civil penalty. Requires an employer that has mobile or remote employees to convey information about worker's compensation coverage to the employer's employees in an electronic format or in the same manner as the employer conveys other employment related information. Allows the electronic filing of certain documents with the board. Provides that a permanently, totally disabled worker must reapply to the second injury fund for a wage replacement benefit every three years instead of every 150 weeks. Requires the reporting of workplace injuries needing medical attention beyond first aid instead of injuries causing an absence from work for more than one day. Provides that reporting requirements for workplace injuries are intended to be consistent with the recording requirements set out in the United States Occupational Safety and Health Administration's regulations. Changes from \$50 per employee to \$100 per day the civil penalty for an employer's failure to provide proof of worker's compensation coverage. Revises the definition of employer to include corporations, limited liability companies, limited liability partnerships, and other entities that have common control and ownership. Makes conforming amendments for occupational diseases compensation. Establishes the assigned risk plan (plan) administered by the worker's compensation rating bureau (bureau). Provides that the plan may be substantially modified or eliminated only as the general assembly provides by statute. Removes the requirement for representation in the management of the bureau by stock companies and nonstock companies. Urges the legislative council to assign to an appropriate interim study committee the task of studying increases to the benefit schedules for worker's compensation and occupational diseases compensation.

PENSION SUPPLEMENTAL ALLOWANCE RESERVE ACCOUNTS (WALKER G) Establishes supplemental allowance reserve accounts (reserve accounts) within the legislators' defined benefit plan, the state excise police, gaming agent, gaming control officer, and conservation enforcement officers' retirement plan (EGC), the public employees' retirement fund (PERF), and the pre-1996 and 1996 accounts of the Indiana state teachers' retirement fund (TRF) for the purpose of paying postretirement benefit increases, thirteenth checks, and other benefit changes or adjustments granted by the general assembly after June 30, 2018. Requires that, after June 30, 2018, the state lottery commission (commission) transfer each quarter \$7,500,000 of the surplus revenue from the commission's administrative trust fund to the Indiana public retirement system (INPRS) for credit first to the pension stabilization fund and second to one or more of the reserve accounts as allocated by the INPRS board of trustees (board). (Current law transfers this amount to the pension stabilization fund.) Requires the contribution rate established by the INPRS board for 2019 and each year thereafter to include a surcharge that is paid to the applicable reserve account in an amount not to exceed 1% of the employer's payroll that is attributable to those employees who are members of PERF, the 1996 TRF account, or EGC. Provides that all amounts in the reserve account are available to pay postretirement benefit increases, thirteenth checks, or other benefit changes or adjustments, but a postretirement benefit increase, thirteenth check, or other benefit change or adjustment may be granted by the general assembly: (1) only in an odd-numbered calendar year; and (2) only if the postretirement benefit increase, thirteenth check, or other benefit change or adjustment: (A) may be funded from the uncommitted balance in the reserve account of the particular fund or plan; and (B) may be paid in the same amount or percentage, or by using the same formula or computation method, to members of each of the funds and plans. Makes changes to the actuarial evaluation and the actuarially determined contribution for each fund or plan to track postretirement benefit increases, thirteenth checks, and other benefit changes or adjustments granted by the general assembly after June 30, 2018, separately. Provides that, in each even-numbered calendar year, the INPRS board shall present to the interim study committee on pension management oversight an actuarial report concerning the status of each reserve account. Provides that the board

may not pay a postretirement benefit change or adjustment, including a postretirement benefit increase, thirteenth check, or other benefit change or adjustment granted by the general assembly after June 30, 2018, unless the change or adjustment is actuarially prefunded. (The introduced version of this bill was prepared by the interim study committee on pension management oversight.)

FINANCING OF FLOOD CONTROL IMPROVEMENTS (RUCKELSHAUS J) Authorizes the Indianapolis metropolitan development commission (commission), following a written recommendation from the board of public works and approval of the legislative body, to adopt an ordinance designating an area as a flood control improvement district (district) to capture incremental property tax revenue within the district to be used for the construction, replacement, repair, maintenance, or improvement of flood control works. Provides that only special flood hazard property may be

included within the boundaries of a district. Defines "special flood hazard property" as property that on January 1, 2018, is situated in a special flood hazard area as designated by the Federal Emergency Management Agency. Provides that a district may not include any property that is already included in a tax increment financing allocation area. Provides that, before making a recommendation to the commission to establish a district, a board of public works must: (1) establish the boundaries for the district; (2) identify the owners of each parcel of property in the district; (3) create a proposed plan for flood control works within the district; and (4) hold a public hearing on the proposed district. Provides that the fiscal officer of the county shall establish a flood control improvement fund (fund) for each district that is established within the county. Provides that the commission shall administer the fund. Provides that the incremental property tax revenue from a district shall be deposited in the fund and used only for providing flood control works within the boundaries of that district. Provides that the commission may issue bonds payable from the fund for the purpose of construction, replacement, repair, maintenance, or improvement of flood control works. Specifies the types of costs for flood control works that may be funded from a bond issue including reimbursement to the county for expenditures made from the county's storm water fund for flood control works prior to the bond issuance. Provides that, in lieu of issuing bonds, the fiscal body of the county may adopt an ordinance to authorize money in a fund of a district to be applied to reimburse debt service payments made on bonds for which revenue from the county's storm water fund is pledged, if the bonds for which the reimbursements are made were issued solely for the purpose of construction, replacement, repair, maintenance, or improvement of flood control works that are located within the district for which the fund was established. Allows the county to adopt an ordinance to continue distribution and allocation of property taxes after bond maturity, solely for the purpose of maintenance and repair of flood control works within the district for not more than 50 years. Requires a commission to make an annual report to the fiscal body of the county and submit a copy of the report to the department of local government finance.
