EDUCATION FINANCE (THOMPSON J) Replaces references to pre-2019 school funds with references to conform to the education funding and accounting changes made by HEA 1009-2017 and HEA 1167-2018. Extends (through 2023) the ability in current law for a school corporation to allocate circuit breaker credits proportionately (without taking protected taxes into account) under certain circumstances. Provides that a school corporation is eligible to allocate credits proportionately if the school corporation's percentage amount of credits granted against the school corporation's operations fund levy is at least a certain percentage. Provides for the calculation of the growth in the maximum levy for a school corporation's operation fund to be based on an assessed value growth quotient (AVGQ) using the average annual growth in net assessed value over the most recent three year period. Provides for a ceiling of 4% plus the statewide AVGQ and a floor of the statewide AVGQ. Removes a requirement concerning an estimate of: (1) the source of all revenue to be dedicated to a school corporation's proposed capital expenditures in the upcoming calendar year; and (2) the amount of property taxes to be collected in the upcoming calendar year and retained in the fund for capital expenditures proposed for a later year; from the format of a school corporation's capital expenditures plan. Provides for an adjustment to the Evansville Vanderburgh School Corporation operations fund levy for 2020 to fund a historical society supporting Bosse Field (the 2019 operations fund levy did not recognize the historical society fund levy that was imposed in 2018). Makes technical corrections. Requires a school corporation to submit to the department of local government finance's computer gateway the school corporation's: (1) capital projects expenditure plan; and (2) school bus replacement plan.

Provides that the administrator of the underground petroleum storage tank excess liability trust fund (ELTF) is required, not more than 45 business days after a claim on the ELTF is submitted, to: (1) approve the claim; (2) notify the claimant that a correction, a clarification, or additional information is needed; or (3) deny the claim. Provides that IDEM, rather than the board, is to deposit solid waste fees in the waste facility operator trust fund. Provides for IDEM to receive payment of solid waste fees by electronic fund transfer. Authorizes the board to adopt rules that increase the amounts of environmental fees. Requires the board, in changing the amount of a fee, to take into account the cost to IDEM of amendments, modifications, and renewals of a permit, license, or approval. Provides that a fee established by the board for a type or class of permit: (1) may be set at a particular amount in consideration of the type and amount of discharge or emission to which the permit relates; and (2) may not be different in amount for public sector permit holders than for private sector permit holders unless the difference is specifically authorized by law. Requires IDEM to arrange for an independent study of certain IDEM costs and to develop other information relevant to fees. Provides that all fee amounts set forth numerically in Title 13 of the Indiana Code are minimum amounts and that the board may increase the amount of a fee even though the minimum amount of the fee is set forth numerically in Title 13. Provides that the board may not increase an environmental fee: (1) more than once in five years; or (2) by more than 10%. Requires the board to adopt rules to implement a one-time increase in fees before January 1, 2022, and provides that: (1) the pre-2022 increase in the confined feeding operation, NPDES, safe drinking water act, solid waste, and hazardous waste program fees must be calculated to cause an increase in annual aggregate fee revenue of \$3,200,000; and (2) the pre-2022 increase in the air pollution control program fees must be calculated to cause an increase in annual aggregate fee revenue of \$2,000,000. Makes conforming and technical changes.

Provides that the maximum innkeeper's tax rate for Howard County under the uniform innkeeper's tax law is 8% on the gross income derived from lodging income. (Current law authorizes a maximum tax rate of 5% under the uniform innkeeper's tax law.) Authorizes Knox County to establish an innkeeper's tax at a rate not to exceed 6%. Provides that, if Knox County adopts a rate that exceeds 5%, the amount of the additional tax revenue from the increased rate shall be paid to the Grouseland Foundation, Inc., to be used only for the restoration, maintenance, and operations of the Indiana territorial mansion and presidential site of William Henry Harrison located in Vincennes. HB1427

LOCAL GOVERNMENT MATTERS (LEONARD D) Provides that the state board of accounts, instead of the budget agency, is to approve audits for regional development authorities and allows for private examiners to perform audits.

Excludes political subdivisions that do not have the power to impose property taxes from the requirement to upload a digital copy of certain contracts on the Indiana transparency Internet web site. Provides that if a political subdivision publishes or submits to the department of local government finance's (DLGF) computer gateway a notice that contains an error or omission that inaccurately reflects the tax rate, tax levy, or budget actually proposed or fixed by the political subdivision by an amount that is less than 0.1%, the notice is a valid notice and the DLGF shall correct the error or omission. Specifies the deadlines for county auditors to submit property tax settlement and distribution information to the DLGF. Repeals the electronic digital signature act. Amends the definition of "owner" (for purposes of the property tax statutes) to delete the provision specifying that an owner of tangible property includes the holder of a tenancy for a term of years. Eliminates the permissive written demand to a county resident who is delinquent in the payment of personal property taxes during the period from May 10 to October 31. Changes the time period from at least 21 to 30 days for the county treasurer's notice of the sale of a mobile home. Specifies the calculation of the acquisition cost of depreciable personal property acquired in like kind exchange for personal property tax purposes. Specifies that if a penalty is imposed on a taxpayer for failing to declare on the taxpayer's tax return that the taxpayer is entitled to the exemption for business personal property with an acquisition cost of less than \$20,000, the county shall include the penalty on a property tax bill associated with the tax district in which the majority value of the taxpayer's business personal property within the county is located. Eliminates (effective retroactive to July 1, 2017) several property tax deduction and credit reapplication requirements that were added by HEA 1450-2017 concerning unmarried taxpayers who married, married taxpayers who divorced, and taxpayers who came to own their property jointly or as tenants in common with another individual. Provides that the appropriate county officer designated by the county executive (rather than the assessor, under current law) is responsible for: (1) maintaining data files of the geographic information system characteristics of each parcel in the county as of each assessment date; and (2) submitting those files to the geographic information office of the office of technology. Requires that the budget notice that political subdivisions must publish on the DLGF's computer gateway must also include information concerning the percentage change between the current and proposed tax levies of each fund. Provides that a person seeking a property tax exemption for property used for a charitable purpose may file an exemption application up to 30 days following the statutory deadline for the exemption application if the person pays a late filing fee. Requires county auditors to submit data on deductions applicable to the current tax year to the homestead property data base on or before March 15 of each year, in a manner prescribed by the DLGF. Repeals the statute providing for a county board of tax adjustment. Repeals provisions related to the county board of tax adjustment and the local budgeting process. Specifies that a political subdivision shall file the budget adopted by the political subdivision with the DLGF not later than five business days after the budget is adopted. Authorizes the DLGF to adopt rules for procedures related to local government budgeting. Specifies that the adoption, amendment, or repeal of such a rule by the DLGF may not take effect before March 1 or after July 31 of a particular year. Provides that the county executive (instead of the DLGF) may cancel any property taxes assessed against real property owned by a county, township, city, town, or body corporate and politic under certain circumstances. Removes the provision in current law that requires the DLGF to be a party to any contract in which a county assessor employs professional appraisers as technical advisers for assessments. Provides that the standard contract to employ professional appraisers is void if: (1) the appraiser is not certified at the time the contract is executed; or (2) the DLGF subsequently revokes the appraiser's certification. Requires a county that enters into a contract for computer software and with a software provider to upload the contract to the Indiana transparency Internet web site. Provides that a governmental entity shall (not may) submit a proposed notice, ordinance, or resolution to the DLGF for review. Requires a political subdivision to adopt the needed changes to its budget, tax levy, or rate in a public meeting if the political subdivision's tax levy is increased by the DLGF to an amount that exceeds the amount originally advertised or adopted by the political subdivision. Provides that a civil taxing unit may not request permission to impose a property tax on account of revenue shortfalls, if the revenue shortfall preceded the most recent certified budget for the civil taxing unit by more than five years. Specifies that: (1) rules adopted by the DLGF for the appraisal of real property may not apply to any appraisal contemporaneously being conducted under a county's reassessment plan; and (2) rules adopted by the DLGF may first apply to the reassessment phase beginning in the following calendar year under a county's reassessment plan. Specifies that for purposes of attributing the amount of a property tax deduction or exemption to the gross assessed value of a property: (1) a deduction or exemption that is specific to an improvement shall be applied only to the assessed value allocation pertaining to that improvement; and (2) to the extent that a deduction or exemption is not specific to an improvement, the deduction or exemption shall be applied in the order that will maximize the benefit of the deduction or exemption to the taxpayer. Provides that Highland Township in Greene County may increase its maximum township property tax levy for 2020 and thereafter. Provides that Taylor Township in Greene County may increase its maximum township property tax levy and its maximum fire protection and emergency services property tax levy for 2020 and thereafter. Allows Green Township in Hancock County to increase its maximum levy for the township's general fund to offset the reduction in the maximum levy that occurred beginning in 2003 that was based on the township's actual levy (levy banked amount). Extends the maximum time period from 20 to 22 years for the allocation of local income taxes for correctional and rehabilitation facilities. Limits to 20% the amount of revenue that may be used for operating expenses for correctional facilities and rehabilitation facilities in the county if the ordinance to impose the tax rate is adopted after June 30, 2019. Changes the time line for providing local income tax distribution numbers to local units. Removes local income tax economic development allocations from the adjustment to Clark County's economic development revenue allocation. Revises a statute concerning the investment of proceeds from the sale of the Mo

Provides that a petition to terminate a parent-child relationship (TPR) may be dismissed if: (1) the parent is incarcerated or the parent's prior incarceration is a significant factor in the child having been under the supervision of the department of child services (department) or a county probation department for at least 15 of the most recent 22 months; (2) the parent maintains a meaningful role in the child's life; and (3) the department has not documented a reason to conclude that it would otherwise be in the child's best interests to terminate the parent-child relationship. Provides that in determining whether to dismiss a TPR, a court may consider: (1) the length of time remaining in an incarcerated parent's sentence; (2) if the parent has previously been incarcerated or granted a motion to dismiss from a prior incarceration, whether dismissing the petition would delay the permanent placement of the child; and (3) other factors the court considers relevant.

WATER AND WASTEWATER UTILITIES AND RUNOFF (CHARBONNEAU E) Establishes a storm water management task force to study issues related to storm water management systems. Provides for the task force to consist of: (1) two members of the senate; (2) two members of the house; and (3) other members appointed by the governor. Requires the task force to issue a report setting forth its findings and recommendations not later than December 1, 2019. Provides that the Indiana finance authority (IFA) shall coordinate the executive branch activities related to the state's water programs. Prescribes the duties of the authority in serving in this role. Requires the IFA to divide Indiana into study areas and to hold annual meetings with the officers and employees of the water and wastewater utilities located in each study area. Authorizes the utilities within a study area to meet voluntarily to determine area water and wastewater priorities, promote cooperation among the utilities, and consider other matters. Requires biennial reports from the utilities of each study area and from the IFA on the cooperative activities of the utilities. Provides that a utility applying to the IFA for a loan, a grant, or other financial assistance must demonstrate that its officers and employees have participated in study area activities. Requires every water utility, at least once in each calendar year, to perform an audit of its water distribution system to determine the causes of the water utility's "non-revenue water" (the difference between the amount of water entering the utility's distribution system and the amount of water received by the water utility's customers). In even-numbered years, requires the results of the annual audit to be verified by an independent evaluator and reported to the IFA and requires the IFA to issue a report concerning the audit results. Specifies that: (1) customer specific data, including information excluded from public access under Indiana's access to public records act; and (2) a required cybersecurity plan; submitted in connection with an application for a permit for a public water system or a wastewater treatment plant is exempt from the requirement that certain required analyses and plans must be made publicly available. Amends the definition of "customer lead service line improvement".

BUSINESS PERSONAL PROPERTY TAX EXEMPTION (FREEMAN A) Provides that not later than 30 days prior to the filing date, the appropriate assessor shall provide notification to each person whose personal property is subject to assessment. Increases, from \$20,000 to \$40,000, the acquisition cost threshold for the business personal property tax exemption. Specifies that a taxpayer who is eligible for a personal property tax exemption must include on the taxpayer's personal property tax return: (1) information concerning whether the taxpayer's business personal property within the county is in one location or multiple locations; and (2) an address for the location of the property. Provides that the appropriate county officer designated by the county executive (rather than the assessor, under current law) is responsible for: (1) maintaining data files of the geographic information system characteristics of each parcel in the county as of each assessment date; and (2) submitting those files to the geographic information office of the office of technology. Repeals provisions in current law that allow a county council to impose a local service fee on each person that has exempt business personal property because the business personal property does not exceed the acquisition threshold. Removes outdated provisions.

UNDERGROUND STORAGE OF CARBON DIOXIDE (FORD J) Declares the underground storage of carbon dioxide to be a public use and service, in the public interest, and a benefit to the welfare and people of Indiana. Authorizes the establishment of a carbon sequestration pilot project (pilot project) that will store the carbon dioxide captured at a proposed ammonia production facility and will transport and inject the carbon dioxide into underground strata and formations pursuant to one or more federal permits as an alternative to releasing the carbon dioxide into the air. Provides that if the operator of the pilot project is not able to reach an agreement with an owner of property to acquire: (1) ownership of underground strata and formations located under the surface of the property for purposes of the underground storage of carbon dioxide; or (2) ownership of or other rights to surface areas of the property for purposes of establishing and operating monitoring facilities; the operator of the pilot project may use the power of eminent domain to acquire ownership of the strata and underground formations and ownership of or other rights to the surface areas. Provides that the state of Indiana, upon the recommendation of the director of the department of natural resources, may obtain ownership of: (1) the carbon dioxide stored in the underground strata and formations; and (2) the underground strata and formations in which the carbon dioxide is stored; from the operator of the pilot project. Urges the legislative council to assign to an appropriate interim study committee for the 2019 interim the task of studying the geologic storage of carbon dioxide.

BROADBAND DEVELOPMENT (MESSMER M) Establishes the rural broadband fund for the purpose of awarding grants: (1) before August 1, 2019, under the existing statute governing grants for qualified broadband projects for unserved areas in Indiana; and (2) after July 31, 2019, under new procedures governing grants for eligible broadband projects for rural areas in Indiana. Requires the office of community and rural affairs (office) to establish procedures for the awarding of grants from the fund after July 31, 2019, by state agencies to eligible broadband service providers for eligible broadband projects in rural areas of Indiana. Provides that the procedures established by the office must establish specified priorities for the awarding of grants, based on the available Internet speeds in a particular area. Provides that the procedures established by the office may not permit the awarding of a grant from the fund for any proposed broadband project in an area in which eligible broadband service is available. Provides that the procedures established by the office may not permit the office to award a grant from the fund for any project in a rural area for which funding has been allocated from certain federal funding programs. Provides that the procedures established by the office must establish a system of priorities for awarding grants, weighted as determined by the office in guidelines adopted by the office, that gives preference to eligible broadband projects that meet certain specified criteria. Requires an eligible broadband service provider awarded a grant to sign with the office a grant agreement that: (1)

outlines a start date and an end date for completion of the project; and (2) conditions the release of any grant funds on the progressive completion of the project. Beginning in 2020, requires the office to submit to the general assembly an annual report on the awarding of grants under these procedures during the most recent state fiscal year. Provides that every three years, beginning in 2021, the state board of accounts shall conduct an audit of the awarding of grants from the fund during the most recent three state fiscal years. Provides that a communications service provider that holds a certificate of territorial authority shall be designated as a public utility solely as that term is used in federal law that allows a state to exempt a public utility from the federal law's requirement that the state must charge fair market value for the use of real property acquired by the state using federal transportation funding. Provides that the department of transportation (INDOT) may not charge an access rate or any other recurring charge or recurring fee for communications infrastructure that is located before May 1, 2019, in any rights-of-way that are owned or controlled by INDOT. Specifies that INDOT may charge routine right-of-way permit fees to enter INDOT's rights-of-way for the maintenance of existing facilities. Provides that the department may create a broadband corridor program to manage communications infrastructure along or within limited access highway rights-of-way. Specifies that for purposes of the broadband corridor program, "communications infrastructure" does not include privately owned vertical structures used primarily for providing wireless communications service. Provides that: (1) INDOT may not unreasonably discriminate among entities requesting access to broadband corridors or other INDOT controlled rights-of-way; and (2) the bill's provisions prohibiting INDOT from discriminating among such entities do not abrogate or limit INDOT's statutory authority to safely and efficiently manage and operate the state highway system and associated highway rights-of-way. Provides that, before July 1, 2020, INDOT shall adopt rules to provide that, as used throughout the department's administrative code regarding utility facility relocation for purposes of construction contracts, "utility" has the meaning set forth in federal law concerning utility relocations, adjustments, and reimbursement.

UTILITY MATTERS (KOCH E) Establishes the 15 member 21st century energy policy development task force (task force). Requires the task force to: (1) examine and evaluate specified aspects of the state's policies concerning electric generation portfolios; (2) develop recommendations for the general assembly and the governor concerning any identified challenges with respect to Indiana's electric generation portfolios; and (3) issue a report setting forth the task force's recommendations not later than December 1, 2020. Requires the utility regulatory commission (IURC) to conduct, before July 1, 2020, a comprehensive study of the statewide impacts of: (1) transitions in the fuel sources and other resources used to generate electricity by electric utilities; and (2) new and emerging technologies for the generation of electricity; on electric generation capacity, system reliability, system resilience, and the cost of electric utility service. Requires the IURC to provide a final report on its study to the governor, the legislative council, and the 21st century energy policy development task force not later than July 1, 2020. Provides that an order affecting rates of service may be entered by the IURC without a formal public hearing in the case of any public or municipally owned utility that either: (1) serves less than 5,000 customers; or (2) has initiated a rate case on behalf of a single division of the utility and that division: (A) serves less than 5,000 customers; and (B) has an IURC-approved schedule of rates and charges that is separate and independent from that of any other division of the utility. (Current law permits the IURC to enter a service rate order without a public hearing only in the case of a utility that itself serves less than 5,000 customers.) Changes the term "distressed utility" to "offered utility" for purposes of provisions regarding acquisition of water or wastewater utilities. Makes the following changes for purposes of provisions under which a utility that acquires property from another utility at a cost differential may petition the IURC to include the cost differential in the acquiring utility's rate base: (1) Provides conditions for applicability of the rebuttable presumption that the cost differential is reasonable. (2) Amends the findings the IURC must make in order to approve the petition. (3) Provides that notice of the filing of the petition may be provided to customers of the acquiring utility company in a billing insert. Provides, for purposes of the requirement that a municipality that plans to sell or dispose of nonsurplus municipally owned utility property must appoint appraisers in a writing that is a public record, that a written contract with the appraisers or the appraisers' firms satisfies this requirement. Provides that the municipality must hold a public hearing regarding the appraisal and proposed sale not later than 180 days (rather than 90 days, under current law) after the appraisal is complete. Amends the factors the IURC must consider in deciding whether the sale or disposition is in the public interest. Urges the legislative council to assign to an appropriate interim study committee the task of studying the connection of unserved properties to sanitary sewer systems.

Updates the income tax reference to the Internal Revenue Code in effect on January 1, 2019. Revises provisions concerning income under Section 118, Section 163, and Section 965 of the Internal Revenue Code. Clarifies the treatment of a loss for a taxable year disallowed because of Section 461(l) of the Internal Revenue Code (IRC) in determining an Indiana net operating loss deduction. Modifies the adjustment to Indiana adjusted gross income for certain property involved in a like-kind exchange for which a taxpayer claims a federal deduction under Section 179 of the IRC. Modifies, for purposes of determining Indiana adjusted gross income, an amount treated as bonus depreciation under IRC Section 168(k) for certain property involved in a like-kind exchange. Changes the order in which the department is required to apply a taxpayer's partial payment to the taxpayer's tax liability, penalties, and interest. Provides that the revised ordering of payments applies to taxable periods beginning after December 31, 2019. Specifies the taxable years to which the adjusted gross income tax changes and the financial institutions tax changes apply. Requires the department to establish an annual tax rate for the utility receipts tax and the utility services use tax by determining a tax rate that would maintain tax revenue at the state fiscal year 2018 amount. Removes the provision in current law that requires a claim for a unified tax credit for the elderly to be filed within six months following the close of the claimant's taxable year or within the extension period if an extension of time for filing the return has been granted, whichever is later. Converts the heavy equipment rental excise tax in current law to an equipment rental excise tax that, when applicable, covers a wider range of rental equipment. Allows a retail merchant engaged in the business of renting equipment to make an annual election to have the equipment rental excise tax apply to the rental of the retail merchant's rental equipment. Provides that a retail merchant who elects to have the equipment rental excise tax apply to the retail merchant's rental transactions for a calendar year is eligible to receive a 100% property tax deduction on the retail merchant's rental equipment for the calendar year. Revises the criteria for which governmental entities may form a regional development authority (new style RDA) under the general regional development authority statute. Preserves regional development authorities formed before July 1, 2019 (old style RDA). Provides that the development board of a new style RDA is comprised of the executives of the member counties, cities, and towns of the RDA. Provides that the fiscal bodies of members of a new style RDA must adopt a development authority plan. Provides that a county, city, or town that is a member of a new style RDA must, after June 30, 2021, impose either: (1) the special local income tax rate for members of a regional development authority at the local income tax rate specified in the development authority plan; or (2) the regional development food and beverage tax at the food and beverage tax rate specified in the development authority plan.
