

Dear Local Leader,

As Hoosiers collectively experience the effects of COVID-19, I wanted to take a moment and thank you for your leadership in our communities. Ivy Tech Community College has a long-standing tradition of serving locally and being present in our counties, cities, and towns. Whether it be the traditional function of holding classes for students to transfer to a 4-year degree or completion of training or credentials that allow citizens to advance their career and meet employer needs, or other functions like hosting a local Chamber of Commerce event, welcoming legislators for community updates, job fairs or community events, and community partnership events that benefit families, it has been our goal to be part of the fabric of each community and county within the State we call home.

In fact, Community is one of the pillars of our strategic plan, adopted in 2018. We pledged to work collaboratively with our community leaders and engage directly with each community's most pressing needs.

Today, Ivy Tech announced that we will be closing our campus buildings effective 5:00 pm (local time) on Friday, March 20 until further notice in hopes of curtailing the spread of COVID-19. We remain fully operational regarding virtual courses and hope that you will encourage those who need to pursue or complete a credential to do so. Ivy Tech had already been delivering nearly half of our courses in on-line and hybrid formats.

However, we want you – our local leaders – to know we stand ready to reopen the buildings if you find you are in need of a center for any public emergencies.

Attached to this letter you will find a list of chancellors for each of our campuses and their service area, along with contact information for each. Additionally, my contact information is below. Please reach out to us and let us know if you are in need of assistance and how we might help. Ivy Tech is your community's and Indiana's community college.

You are setting the tone for how Hoosiers will react during this time of crisis, and I thank you again for your leadership and example.

In service,

Sue Ellspermann, PhD
President
812-489-0737
