

COVID-19 VACCINE

Latest Updates & Resources

March 25, 2021

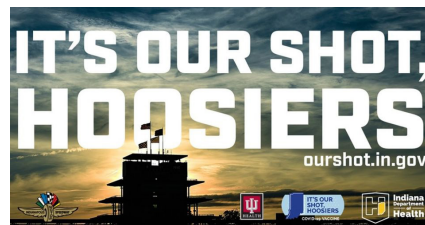

Starting March 31

Gov. Holcomb announced Tuesday that on March 31, all Hoosiers age 16 and older will be eligible to receive the vaccine. **Please NOTE:** The Pfizer vaccine is the only one approved for use by the FDA for 16- and 17-year old residents. Search by ZIP code for what type of vaccine is available and sites near you on [OurShot.IN.gov](https://ourshot.in.gov). Read the [governor's remarks](#).

Current eligibility: 40+

Hoosiers age **40 and older** can now make a COVID-19 vaccination appointment at [OurShot.IN.gov](https://ourshot.in.gov). You must be an Indiana resident and show proof of age. That can be a photo ID or other document, such as a utility bill, bank statement, lease agreement or record from your doctor with your address and date of birth. (*Check out our [complete eligibility list](#).*)

Vaccines for Native Americans – March 27

The Pokagon Band of Potawatomi is hosting a vaccine clinic for Native Americans, including

The American Indian Center of Indiana, INC.

state-recognized and historical tribes, as well as Native Hawaiians and Native Alaskans, and other native groups living in Indiana. Appointments are required, must be 18 or older. Second doses will be given on April 24. Call the [American Indian Center of Indiana](https://www.americanindiancenter.org) at 317-917-8000 or send an email to frontdesk@americanindiancenter.org.

The Indianapolis Motor Speedway will host a vaccination clinic from 9 a.m. to 7 p.m. the following days:

April 1 - 3 | April 13 - 18 | April 24 - 30

The clinic will provide the single dose Johnson & Johnson (Janssen) vaccine, and Hoosiers can register at [OurShot.IN.gov](https://ourshot.in.gov). Beginning March 31, Hoosiers 18 years of age and older will also be able to register for this site.

Vaccine side effect or infection?

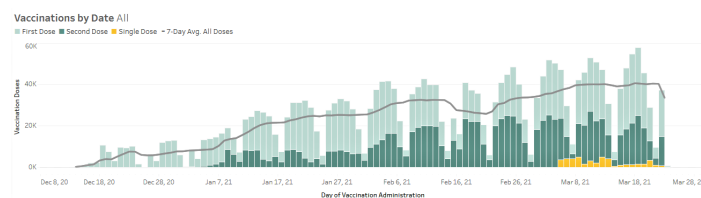

It can be hard to know if you are experiencing a vaccine side effect from the shot or a COVID-19 infection. [Here's a tool](#) to help you know.

To date, **1,018,521** Hoosiers have been fully vaccinated!

Improved dashboard

The Indiana Department of Health's [vaccine dashboard](#) has been expanded. It now shows under the newly reported and total vaccinations the data for a single dose or two dose series. Under County Distribution, users can select a county to see its demographics or click and drag to select a group of counties. The graphic below showing vaccinations by date was also added.

Helpful Resources

- Proof of vaccination is available at [Access Indiana](#). Scroll down to the "Indiana Vaccination Portal" tile, create an account, and download a vaccination certificate.
- Register for a vaccination appointment and stay up to date at [OurShot.IN.gov](https://ourshot.in.gov) (*Chrome or Firefox*). Call Indiana 211 or 1-866-211-9966 if you have difficulty registering online.
- Ask a question on our [FAQ page](#). It's updated daily.
- [Learn about V-Safe](#), the after-vaccination health checker, and the new [V-safe COVID-19 Pregnancy Registry](#). V-safe is also available now in [multiple languages](#).
- [Indiana Areas on Aging](#) and AARP offices are assisting seniors make their vaccine appointments.
- Report any adverse effects from any vaccine to the [Vaccine Adverse Effect Reporting System \(VAERS\)](#).

COVID-19 VACCINE

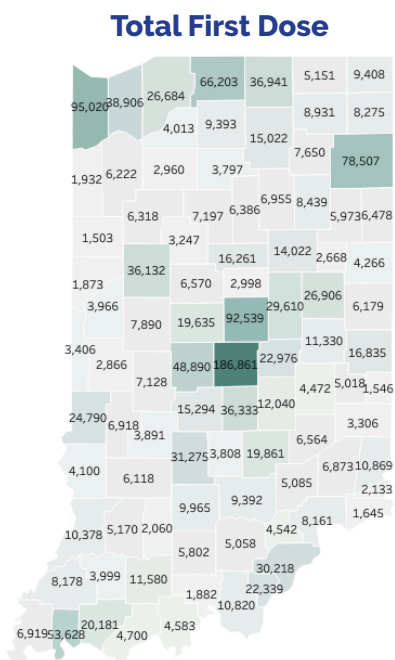

Snapshot

Indiana Department of Health

Total Individuals Who Have Received a First Dose:

1,530,403

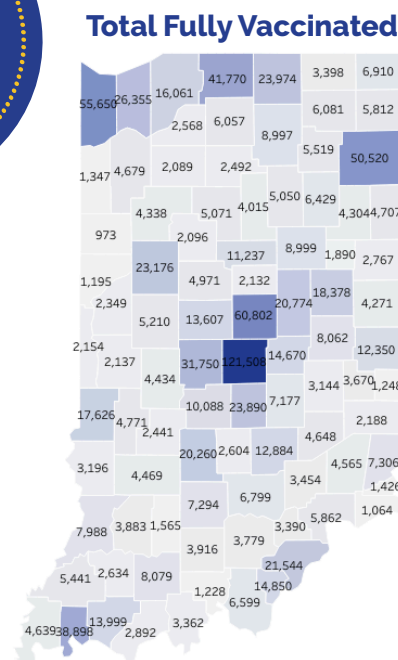

Over **1 MILLION** FULLY VACCINATED Hoosiers!

Total Individuals Fully Vaccinated

1,018,521

Individuals are fully vaccinated after their 2nd dose of Pfizer or Moderna vaccine, OR after a single dose of Johnson & Johnson vaccine.

Here are the latest percentages of people who have scheduled or received a vaccine by age group. These percentages include nearly **148,000** first and second doses administered to residents and staff in long-term care facilities.

- 73% of Hoosiers 80+
- 76% of Hoosiers 70-79
- 64% of Hoosiers 60-69
- 45% of Hoosiers 50-59
- 29% of Hoosiers 40-49 (first two days of eligibility)

Who's eligible next

Indiana's upcoming eligibility group:

- Age 16 and older starts March 31 (NOTE: Anyone younger than age 18 must select a Pfizer vaccination site)

"We also are working on plans to distribute vaccine directly to large business and industry partners. We will have much more to come on this as plans are finalized. Our goal is to begin providing vaccine to those employers that have indicated an ability to vaccinate their staff in April and then expand further to all industry types sometime in May."

Dr. Kristina Box, Indiana State Health Commissioner
