

# COVID-19 VACCINE

## Latest Updates & Resources

July 22, 2021

### Delta variant update

**This variant of the virus that causes COVID-19 is on the rise in Indiana. Here are some things to know:**

- It's highly transmissible, with 70% more infections than the Alpha variant
- Reports from hospitals state patients are now younger with fewer underlying health conditions
- There is no compelling data that infection is more severe

Vaccine is our most powerful weapon to stay healthy. Find a COVID-19 vaccine clinic near you at [OurShot.IN.gov](https://ourshot.in.gov)

Variant	% of Samples (in current month)	Change in % of Samples (from previous month)
Delta / B.1.617.2	75.5%	41.8%
Alpha / B.1.1.7	12.3%	-39.3%
Not Variant of Concern	8.4%	3%
Gamma / P.1	3.9%	-5.4%
Beta / B.1.351	0%	0%

### Free Colts tickets!

As part of the Indianapolis Colts training camp at [Grand Park Sport Campus](#) in Westfield, a [COVID-19 vaccine clinic](#) will be on site administering the two-dose Pfizer vaccine\*, approved for people 12 and older. **Two preseason game tickets to the Panthers vs. Colts game on Sunday, Aug. 15, will be given to each person who receives a vaccine.** (\*The second vaccine dose will be scheduled when you receive your first dose.)

#### DATE & TIME:

**8 a.m. - noon July 28 - 30;  
noon - 4 p.m. July 31**

To date, **2,913,717** Hoosiers have been fully vaccinated!

### More mobile clinics

In addition to the clinic at the Colts training camp, several other mobile sites are offered. No appointment necessary! If you'd like to make an appointment or check an address, visit [OurShot.IN.gov](https://ourshot.in.gov) and search by clinic's name or city. (All sites will administer Johnson & Johnson and Pfizer, unless noted.)

#### July 31, 9 a.m. - 2 p.m.

- St. Mary's Church, Indianapolis (Pfizer only)

### Updated: Fact sheets for Johnson & Johnson

The U.S. Food and Drug Administration (FDA) added a warning to the [fact sheet](#) for Johnson & Johnson's (Janssen) COVID-19 vaccine, due to a rare occurrence of [Guillain-Barré syndrome](#), an auto-immune disorder that attacks the body's nerves. Warning signs include numbness or tingling in the feet that spreads to the upper body. The FDA reports that 12.5 million doses of Johnson & Johnson vaccine have been administered, and 100 cases of Guillain-Barré have been reported. Vaccination against COVID-19 is still highly recommended.

### Vaccines for the homebound – just call 211!

Homebound Hoosiers is a program to deliver COVID-19 vaccines to Hoosiers who cannot leave their homes. This program is now accessed by simply calling 211. Agents will coordinate vaccine appointments with the [Indiana Immunization Coalition](#) and its partners.

### Helpful Resources

- What you can do if you are **fully vaccinated**.
- Proof of vaccination is available at [Access Indiana](#). Scroll down to the "Indiana Vaccination Portal" tile, create an account, and download a vaccination certificate.
- Register for a vaccination appointment at [OurShot.IN.gov](https://ourshot.in.gov) (Chrome or Firefox). Call Indiana 211 or (1-866-211-9966) if you have difficulty registering online. Most vaccine clinics now take walk-ins.
  - 211 can also arrange a free voucher for transportation to and from the clinic, from the rideshare service Uber.
- Free rides to vaccine clinics are also offered by IU Health. Call 1.888.IUHEALTH (1.888.484.3258) and choose option 9.
- [Learn about V-Safe](#), the after-vaccination health checker, and the new [V-safe COVID-19 Pregnancy Registry](#). V-safe is also available now in [multiple languages](#).
- Report any adverse effects from any vaccine to the [Vaccine Adverse Effect Reporting System \(VAERS\)](#).

## Snapshot

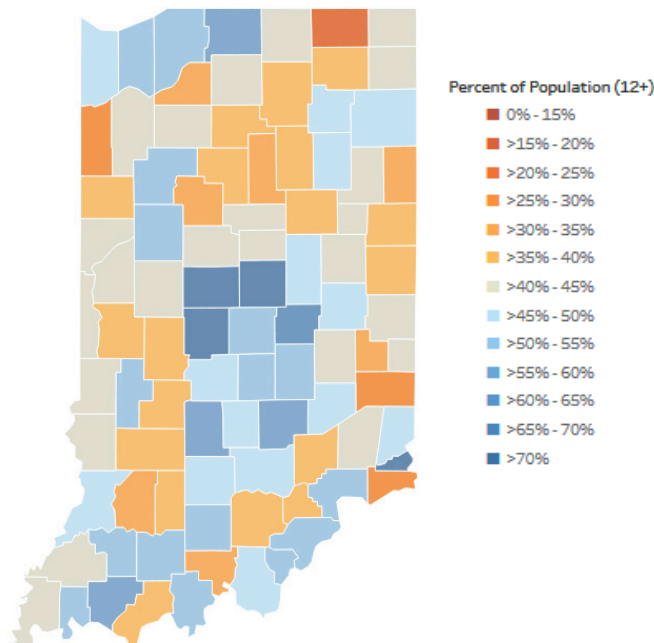

### Total Individuals Fully Vaccinated\*

# 2,913,717

### Fully Vaccinated as a Percentage of County Population 12+

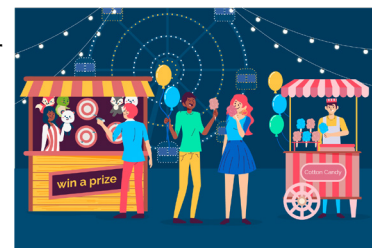

\*Individuals are fully vaccinated after their 2nd dose of Pfizer or Moderna vaccine, OR after a single dose of Johnson & Johnson vaccine.

Here are the latest percentages of people who are fully vaccinated by age group. These percentages include residents and staff in long-term care facilities.

<b>74.7% of 80+</b>	<b>68.3% of 60-64</b>	<b>46.9% of 40-44</b>	<b>35.3% of 20-24</b>
<b>78.6% of 75-79</b>	<b>58.1% of 55-59</b>	<b>41.3% of 35-39</b>	<b>33.3% of 16-19</b>
<b>82.3% of 70-74</b>	<b>54.8% of 50-54</b>	<b>38.1% of 30-34</b>	<b>19.8% of 12-15</b>
<b>76.6% of 65-69</b>	<b>47.3% of 45-49</b>	<b>32.0% of 25-29</b>	

Need a great handout to explain vaccine effectiveness? We've got one – click [HERE](#).

COVID-19 vaccination clinics will be set at many county fairs as well as the Indiana State Fair from July 30 – Aug. 22. Look for signage onsite for precise location. This year's state fair will have robust COVID-19 safety precautions in place, including expanded fair dates to spread out crowds across an additional weekend.

The vaccines are safe and effective and our best tool against COVID-19 and its variants. Be in the know about the COVID-19 vaccine by getting accurate information from trusted sources.
