July 13 - 14, 9 a.m. to 5 p.m.

- Northwest corner of Main and Morton streets, Shipshewana
- July 14 – 17, 11 a.m. to 7 p.m.**
- Kosciusko County Fair, Warsaw
- July 14 – 16, 9 a.m. to 6 p.m.**
- Harrodsburg Community Center, Harrodsburg

Did You Know?

If you haven't yet been vaccinated against [#COVID19](#), you still need to follow [quarantine/isolation](#) rules if you contract [#COVID](#).

Weekends Off

The COVID-19 vaccine [dashboard](#) is no longer being updated on Saturdays or Sundays.

On Mondays, the [dashboard](#) will now display all counts newly reported over the weekend.

To date, **2,851,513** Hoosiers have been fully vaccinated!

Updated: Fact sheets for Moderna and Pfizer

On June 25, following the Advisory Committee on Immunization Practices (ACIP) meeting, fact sheets for the [Moderna](#) and [Pfizer](#) COVID-19 vaccine were updated to reflect the rare side effect of myocarditis and pericarditis in children and young adults. **Bottom line:** The [benefits of the COVID-19 vaccine outweigh the risks](#) of getting a COVID-19 infection, and [several national public health organizations](#) agree, including the American Academy of Pediatrics.

Other updates:

- There is no need for a booster dose for any of the COVID-19 vaccines based on current research.
- You must be exactly 12 years old or older to receive the Pfizer vaccine, or 18 years or older for either Moderna or Johnson & Johnson (Janssen). Moderna has applied for Emergency Use Authorization (EUA) for use in 12-to-17 year-olds and is waiting for U.S. FDA approval.
- Medical experts recommend that even people who have had COVID-19 get vaccinated to make sure they have a strong immune response to block possible re-infection.

Helpful Resources

- What you can do if you are [fully vaccinated](#).
- Proof of vaccination is available at [Access Indiana](#). Scroll down to the "Indiana Vaccination Portal" tile, create an account, and download a vaccination certificate.
- Register for a vaccination appointment at [OurShot.IN.gov](#) (Chrome or Firefox). Call Indiana 211 or (1-866-211-9966) if you have difficulty registering online. Most vaccine clinics now take walk-ins.
- [Learn about V-Safe](#), the after-vaccination health checker, and the new [V-safe COVID-19 Pregnancy Registry](#). V-safe is also available now in [multiple languages](#).
- Report any adverse effects from any vaccine to the [Vaccine Adverse Effect Reporting System \(VAERS\)](#).

COVID-19 VACCINE

Snapshot

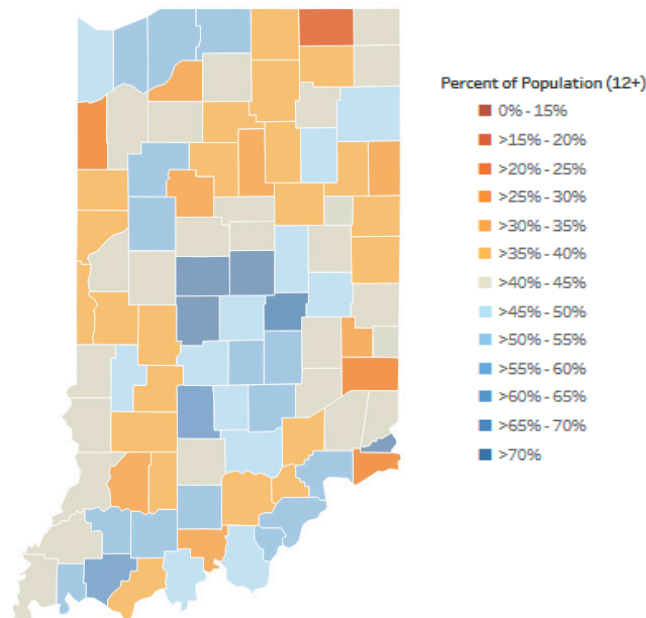

Total Individuals Fully Vaccinated*

2,851,513

Fully Vaccinated as a Percentage of County Population 12+

*Individuals are fully vaccinated after their 2nd dose of Pfizer or Moderna vaccine, OR after a single dose of Johnson & Johnson vaccine.

Here are the latest percentages of people who received the first dose of a vaccine by age group. These percentages include residents and staff in long-term care facilities.

76.0% of 80+	65.8% of 60-64	44.0% of 40-44	34.6% of 20-24
78.4% of 75-79	53.3% of 55-59	39.3% of 35-39	34.1% of 16-19
81.7% of 70-74	49.5% of 50-54	36.6% of 30-34	22.1% of 12-15
75.2% of 65-69	44.4% of 45-49	30.8% of 25-29	

- Get the facts to help guide your decisions about COVID-19 vaccinations for your children. Learn what the benefits are at [Myocarditis and COVID-19: Know the Facts](#) and [Get Vaccinated!](#)
- Just **.002%** of deaths are due to COVID-19 out of all the Hoosiers who have been fully vaccinated, which shows how well the vaccine works. Death trends and other information on Indiana's rate of [breakthrough COVID-19 infections](#) can be found on our [vaccine dashboard](#). (Click "breakthrough" in upper right corner.)
- As of June 19, the Delta variant accounted for at least 30% of new COVID-19 infections in the United States and has now become proportionally the most commonly sequenced strain in Indiana. [Learn more about variants in Indiana](#) on the COVID-19 dashboard. (Scroll down to variants.) Variants are normal for every virus as they change through mutation. Some variations allow the virus to spread more easily or make it resistant to treatments or vaccines. That's why variants must be carefully monitored.
- On June 30, Gov. Eric J. Holcomb issued [new executive orders](#) addressing COVID-19.
- **REMINDER:** Take a picture of your vaccination card on your smartphone in case you misplace it. Vaccine certification is also available through the Indiana Vaccination Portal on [Access Indiana](#).
