- HB1335 ELECTION DATE SCHEDULES (WESCO T) Removes and updates obsolete date references from Indiana election law.
Current Status: 1/31/2023 - Senate sponsor: Senator Ford Jon

VARIOUS ELECTION LAW MATTERS (WESCO T) Adds the U.S. Space Force to the definition of "uniformed services" in election law. Provides that electronic signatures may be used for the reporting of campaign contributions and expenditures. Provides that election form approval procedures do not apply to a form incorporated only into the statewide voter registration system. Makes other technical changes relating to approval of election forms. Provides that a statute prohibiting the use of the circuit court clerk's name on a ballot if the clerk is a candidate for an office on the ballot does not apply if the only office for which the individual is a candidate is a political party office. Requires a candidate to specify on the candidate's candidacy document each designation that the candidate wants to use on the ballot. Requires the election division to design all candidacy documents so that the form of the document enables the candidate to insert in a separate field of the document each of the separate designations that a candidate is permitted to use under election law. Provides that an individual is considered to have resigned as an elected official of a unit when the person becomes an employee of the unit the individual serves as an elected official. Provides that certain mailings required by election law be sent by first class mail with tracking rather than by certified mail. Provides that a statute that permits removal and fining of a precinct election officer who fails to perform duties is applicable to an absentee voter board member and to an absentee ballot counter. Authorizes a county election board to permit individuals who are candidates for certain political party offices and relatives of such individuals to serve as precinct election officers if the county election board finds that enough individuals are not available to serve as precinct election officers. Requires the bureau of motor vehicles commission to forward the voter registration part of an application and any declination to register to the election division for transmittal to the appropriate county voter registration office. Adds law enforcement agencies that receive voter registrations to the list of voter registration agencies that are not subject to certain requirements relating to filing voter registration applications. Provides that the statewide voter registration system must contain a feature that identifies potential nonresidential addresses submitted on voter registration applications. Provides additional procedures for updating a copy of a voter's original signature in the statewide voter registration file. Adds judges of city and town courts to the list of officials that must file a statement of economic interest before filing a candidacy document. Provides that an officeholder is not entitled to salary until a statement of economic interest is filed, if required. Provides that, for purposes of determining whether a candidate is affiliated with a particular major political party, the candidate must have voted in that party's two most recent primary elections. (Under current law, a candidate is required to have voted in the political party's most recent primary election.) Provides that if an election district is included entirely within one precinct, and does not include the entire precinct, the petition of nomination must be signed by at least five voters of the election district. Provides that if a special election to fill a vacancy in the office of United States Representative is held on the same day of the election to elect the individual to serve in the succeeding term, an individual may appear on the ballot as a candidate in both elections. Provides that in such an election for United States Representative, the ballot must list the election to fill the office vacancy immediately after the election for the next term of the office. Requires the chair of a political committee to file a final report for a treasurer if the treasurer has died or is otherwise unable to file the report. Provides that the statute requiring reporting of "large" campaign contributions does not require the reporting of a contribution unless it is accepted by the candidate's candidate committee. Provides language for printing on ballots when no candidate has filed for the office. Eliminates the requirement that counties send duplicate copies of state election returns to the election division. Provides that a county executive is not required to establish precincts so that a precinct contains not more than 2,000 active voters or 2,300 active voters if the precinct is in a county designated as a vote center county. Provides that in addition to precinct boundaries, the name of a precinct as included in the federal decennial census data becomes the official name of the precinct. Requires that a ballot be arranged so that all candidates for the same office appear on the same page or the same screen. Provides procedures for ballot layout when a candidate dies or is no longer eligible to appear on the ballot. Requires a circuit court clerk who receives an absentee ballot application from a voter who is not registered to vote in the county to send the application to the circuit court clerk of the county in which the voter is registered. Provides that the designation of a voter as an absent uniformed services voter, an overseas voter, or a voter with print disabilities expires January 1 after such a voter has submitted an absentee ballot application indicating such designation. Provides that, after December 31, 2024, all absentee ballots must be printed on security paper that incorporates features that can be used to authenticate the ballot. Provides that a voter must file residence documentation before 6 p.m. on election day. Provides that only the individuals who are permitted to be in the polls on election day are permitted to be in the room where early absentee voting is occurring. Provides that a county election board may send a signed form from a public test to the election division by electronic mail or fax. Provides that instructions posted in a voting booth or on a marking device may include instructions regarding straight party voting. Provides that an application fee for certification of a voting system does not apply if the application is for a de minimis change. Requires absentee ballot counters to begin counting absentee ballots beginning at 6:00 a.m. on election day if certain conditions are met. Provides that if there is a discrepancy on political party primary ballot choice between the federal write-in absentee ballot and the federal post card application, the federal post card application supersedes the federal write-in absentee ballot. Provides that if an individual who holds a local office is elected to another term in that office and subsequently dies or is disqualified before the next term is scheduled to begin, a vacancy is created that must be filled as otherwise provided by law. Adjusts the schedule for conducting a post-election audit if a contest or recount has been filed affecting the county. Provides that a notice of death of a local office holder is required to be filed only with the circuit court clerk. (Under current law, notice must also be filed with the prosecuting attorney.) Exempts a member of a fiscal or legislative body from assuming certain duties during a vacancy. Requires a magistrate to deposit a copy of the magistrate's oath in the office of the circuit court clerk of the

county in which the magistrate resides or

- HB1337 EMERGENCY POWERS (LINDAUER S) Provides that in the event of a disaster emergency, an emergency order issued by a state agency must be narrowly tailored to serve a compelling public health or safety interest. Entitles a person to relief if a court determines that the person seeking judicial relief has been prejudiced by an agency action issued during a disaster emergency that has not been: (1) applied equally to a similarly situated person; and (2) narrowly tailored to serve a compelling public health or safety interest. Provides that the orders, rules, and regulations made, amended, or rescinded by the governor must be narrowly tailored to serve a compelling public health or safety interest. Requires any state or local agency, including the Indiana department of health and local boards of health, to only impose a restriction that is narrowly tailored to serve a compelling public health or safety interest. Provides that any order or proclamation declaring, continuing, or terminating a local disaster emergency must be narrowly tailored to serve a compelling public health or safety interest. Provides that, if the disaster which is the basis of the emergency order impacts an area of the state which does not exceed the lesser of: (1) 31 counties; or (2) an area which is inhabited by less than 33 1/3% of the population of the state; the state of emergency expires in 30 days. Provides that the governor may renew the emergency declaration in 30 day increments not to exceed a period of 12 months. Provides that all other emergency declarations expire 30 days after the initial date of the governor's executive order and may not be renewed or extended by the governor without the approval of the general assembly. Removes the governor's ability to suspend certain provisions relating to the general assembly, judicial relief of an agency action during an emergency declaration, or provisions relating to emergency management disasters. Repeals provisions authorizing the general assembly to conduct emergency sessions.

- HB1411 SPEED LIMIT REDUCTION ON COUNTY STREETS OR HIGHWAYS (SMALTZ B) Provides that if the county executive of a county determines that the maximum speed permitted is greater or less than reasonable and safe under the conditions found to exist on a street or highway, or part of a street or highway, under the jurisdiction of the county, the county executive may determine and declare a reasonable and safe maximum limit on the street or highway, or part of the street or highway, without performing an engineering and traffic investigation. Provides that the maximum limit declared by the county executive may decrease the limit on the street or highway in the county, or part of the street or highway in the county, but not to less than 35 miles per hour.
Current Status: 1/31/2023 - Referred to Senate
- HB1412 PROPERTY TAX ASSESSMENT APPEALS (SMALTZ B) Provides that if a taxpayer presents an appraisal to the county property tax assessment board of appeals (county board) that is prepared by a certified appraiser in compliance with the Uniform Standards of Professional Appraisal Practice, the appraisal is presumed to be correct. Provides that if the county board disagrees with the taxpayer's appraisal, the county board may seek review of the appraisal by a third party independent certified appraiser. Provides that if the county board's appraisal differs from the taxpayer's appraisal, the assessor shall assign an assessed value for the year or years at issue at an amount between the county board's appraisal and the taxpayer's appraisal. Provides that after the assignment of value, the parties shall retain their rights to appeal the assessment or assessments to the Indiana board of tax review.
Current Status: 1/26/2023 - House Ways and Means, (Bill Scheduled for Hearing)
- HB1413 PROPERTY TAX INCREASE LIMITS (SMALTZ B) Provides that for each calendar year beginning after December 31, 2023, an annual adjustment of the assessed value of certain real property may not exceed an amount equal to 3% over the assessed value of the real property for the prior tax year. Provides that the limitation does not apply if the assessment is based on substantial renovations or new improvements, a change of ownership, or uses that were not considered in the assessment for the prior tax year. Lists circumstances that do not constitute a change in ownership. Provides that substantial renovations or new improvements that replace all or a portion of a homestead property damaged or destroyed by a disaster may not increase the assessed value of the property when the square footage of the property as renovated or improved does not exceed 110% of the square footage of the property before the damage or destruction. Provides that the property's assessed value may not increase if the total square footage of the property as renovated or improved does not exceed 1,500 square feet. Provides that, subject to the 3% limitation, if the total square footage of the property as renovated or improved exceeds 1,500 square feet, the property's assessed value may be increased proportionately with regard to the renovated or improved portion of the property that is in excess of 110% of the square footage of the property before the damage or destruction.

- HB1417 UTILITY DEFERRED COSTS AND ACCOUNTING PRACTICES (SOLIDAY E) Amends the Indiana Code provision concerning a system of accounting for public utilities to provide the following: (1) That a public utility, municipally owned utility, or not-for-profit utility may defer for consideration by the Indiana utility regulatory commission (IURC) and for future recovery costs incurred or to be incurred in a regulatory asset, to the extent that the specific costs are incremental and are not otherwise already included for recovery in the utility's rates. (2) That preapproval of the IURC

is not required for the creation of a regulatory asset. (3) That a public utility, municipally owned utility, or not-for-profit utility may recover through the utility's rates over a reasonable period, as determined by the IURC, costs that are: (A) deferred under these provisions; and (B) found to be reasonable and prudent by the IURC. Amends the Indiana Code provision concerning a public utility's depreciation account and depreciation rates to provide the following: (1) That depreciation rates shall be calculated to recover a reasonable estimate of the future cost of removing retired assets of the public utility. (2) That in a proceeding in which the costs of a capital asset are being recognized for ratemaking purposes, a public utility may account for any asset retirement obligations and recover, through rates charged to customers, reasonably and prudently incurred costs associated with asset retirement obligations, to the extent the specific asset retirement obligation costs are incremental and have not been included in depreciation rates. (3) That the IURC shall make changes in a public utility's depreciation rates as necessary to reflect changes in: (A) the public utility's estimated asset retirement costs, including all reasonable and prudent costs of removing retired assets; and (B) the estimated retirement dates of the public utility's assets. Amends the Indiana Code chapter concerning federally mandated requirements for energy utilities to specify that recovery of the 80% of IURC-approved federally mandated costs that an energy utility may recover through a rate adjustment mechanism must commence no earlier than: (A) the date of a final agency action regarding the federally mandated requirement; or (B) in the absence of a final agency action, the date on which the federally mandated requirement becomes effective.

HB1420 ELECTRIC TRANSMISSION FACILITIES (SOLIDAY E) Amends the chapter in the Indiana Code concerning electric transmission facilities as follows: (1) Specifies that the term "electric transmission facility" does not include a line installed solely for the purpose of connecting an electric generation facility to facilities owned by a public utility. (2) Repeals the definition of "local reliability electric transmission facility" and makes conforming changes. (3) Amends the provisions concerning an incumbent electric transmission owner's right of first refusal to construct, own, operate, and maintain certain electric transmission facilities, or upgrades to certain electric transmission facilities, as follows: (A) Specifies that the right of first refusal applies with respect to: (i) the construction; or (ii) upgrades; of electric transmission facilities if the construction or upgrades have been approved through a regional transmission organization planning process. (B) Requires an incumbent electric transmission owner that exercises its right to construct an electric transmission facility to solicit and evaluate bids for the construction. (C) Provides that in conducting the bill's prescribed bidding process, the incumbent electric transmission owner shall select the bid or combination of bids that fare most favorably in the evaluation of certain factors set forth in the bill. (D) Provides that the Indiana utility regulatory commission (IURC) has jurisdiction to resolve any dispute that arises under the bill's prescribed bidding process and that is raised by an affected bidder. (E) Provides that if an electric transmission line has been approved for construction: (i) each incumbent electric transmission owner that has a right to construct, own, operate, and maintain the electric transmission line shall give written notice to the IURC, not later than 90 days after the construction is approved, regarding the incumbent electric transmission owner's intent to construct, own, operate, and maintain the approved electric transmission line; and (ii) if an incumbent electric transmission owner gives notice of intent not to construct the approved electric transmission line, another entity may construct the approved electric transmission line.

HB1421 ELECTRIC GENERATING FACILITY CONSTRUCTION (SOLIDAY E) Requires the Indiana utility regulatory commission (IURC) to issue an order granting or denying an application for a certificate of public convenience and necessity (certificate) not later than 240 days after the filing of the application and the submission of the applicant's case in chief. Authorizes the IURC to issue a general administrative order establishing guidelines regarding the information to be included in an applicant's case in chief. Amends the statute providing certain financial incentives for energy utilities in connection with clean energy projects as follows: (1) Provides that a "clean energy project" includes a project to construct, after July 1, 2011, a natural gas facility to displace electricity generation from an existing coal fired generation facility. (2) Provides that an "eligible business" for purposes of eligibility for incentives authorized under the statute includes a joint agency created under the Indiana Code chapter authorizing municipal electric utility programs. (3) Provides (through an amendment to a cross-referenced definition in the Indiana Code chapter governing the Indiana voluntary clean energy portfolio standard program) that for purposes of a clean energy project involving a renewable energy resource project, a "renewable energy resource" includes gas that is derived from the

decomposition of organic matter and that: (A) is fully interchangeable with; or (B) can be combined with; conventional natural gas for purposes of generating electricity. (4) Provides that the IURC may provide an incentive under the statute for a project that the IURC finds to be just and reasonable (rather than "reasonable and necessary" under current law). (5) Provides that the IURC may not approve the timely recovery of costs and expenses incurred during the construction and operation of a project unless the IURC finds that recovery of the costs and expenses: (A) is just and reasonable; and (B) will result in a gross financing costs savings over the life of the project. (6) Eliminates the incentive authorizing up to three percentage points on the return on shareholder equity that would otherwise be allowed to be earned on certain clean energy projects. (7) Amends the language prescribing the time frame in which the IURC must issue a determination as to a project's eligibility for the available financial incentives to require the IURC to issue the determination not later than: (A) 120 days after the date of the application; or (B) the time frame prescribed in the bill for the IURC to grant or deny a certificate if a certificate is required for the project.

- HB1623 ADMINISTRATIVE RULEMAKING (BARTELS S) Requires: (1) authorization from the budget agency and the office of management and budget; and (2) two public comment periods of 30 days for all proposed rules (except emergency rules and agency corrections); before the rules may be adopted. Standardizes the economic and fiscal impact information that must be prepared by an agency in order to adopt a rule. Requires rules to either expire or be readopted every five years rather than every seven years. Eliminates provisions that exempt certain rules from expiring. Provides for additional information concerning a readoption action to be published with a notice of readoption. Requires an agency to conduct a hearing on a proposed readoption. Eliminates differences between

readoption procedures applicable to environmental rules and other rules. Validates readoption actions that become effective before July 1, 2023. Establishes criteria for use of emergency rulemaking procedures. Provides that rules formally adopted as emergency rules to implement a change in law or certain other circumstances may be adopted through emergency rule, interim rule, or expedited rule procedures. Requires preapproval by the governor to adopt rules through these procedures in the case of emergency rules and interim rules. Requires preapproval by the office of management and budget to adopt rules through expedited rule procedures. Authorizes the attorney general or the governor to suspend the operation of these rules. Requires the attorney general to specify the basis for disapproving an emergency, interim, or expedited rule. Requires an agency to conduct one comment period before adopting a rule using the interim rulemaking procedures. Eliminates indefinite expiration dates for emergency rules and reorganizes provisions related to expiration dates and extension periods. Specifies when expedited rules expire and limits the number of times expedited rules may be extended. Indicates how to calculate the one year period in which an environmental agency must complete a rulemaking process. Provides transitional provisions. Requires the code revision commission to prepare conforming legislation for introduction in the 2024 legislative session. Provides that a party prevailing against the agency is entitled to attorney's fees if the agency has acted without legal authority having the force of or enforceable as law. Amends the law requiring the department of environmental management (department) to establish a state permit program for the implementation in Indiana of the federal standards for the disposal of coal combustion residuals (CCR) in landfills and surface impoundments (the federal CCR rule). Provides that the rules adopted by the environmental rules board concerning the disposal of CCR in landfills and surface impoundments: (1) shall be consistent with the federal CCR rule; (2) shall not impose a restriction or requirement that is more stringent than the corresponding restriction or requirement imposed under the federal CCR rule; and (3) shall not impose a restriction or requirement that is not imposed by the federal CCR rule. Defines "legacy generation resource" as an electric generating facility that is directly or indirectly owned by a corporation that was originally formed for the purpose of providing power to the federal government for use in the nation's defense or in furtherance of national interests. Provides that the authority of the department to establish requirements under the state permit program is the only authority the department has to establish requirements for a surface impoundment of CCR located on the grounds of a legacy generation resource. Provides that if an agency fails to promulgate a required rule relating to licensure, a licensee is not required to pay license fees relating to the rule and is entitled to the refund of any already paid licensure fees. Establishes a procedure to determine whether a required rule has been promulgated. Repeals superseded statutes and makes cross reference, name, and other conforming changes.

HB1636 INDIANAPOLIS INFRASTRUCTURE (BEHNING R) Provides that the amount of the gasoline excise tax and special fuel tax revenue that is derived from the annual 1% inflationary increase during the state budget biennium shall be distributed to recipients under the motor fuel tax fund of the motor vehicle highway account based on the vehicle miles traveled in the unit compared to vehicle miles traveled in the state, but not including interstate vehicle miles traveled. Appropriates money from the state general fund to the Indiana department of transportation in an amount necessary to repay all outstanding debt obligations as of June 30, 2023, that are financed with money in the crossroads 2000 fund. Provides that, beginning July 1, 2023, money in the crossroads 2000 fund must be used for projects only in urban areas, as defined by the United States Census Bureau. Authorizes Marion County to establish a local road funding district (district) to capture 20% of the incremental local income tax (LIT) revenue of the county (not including LIT revenue obligated for debt service). Requires the Marion County treasurer to establish a Marion County roads and bridges fund (fund) if a district is established. Provides that the incremental LIT revenue captured in the district shall be deposited in the fund and used for the preservation and reconstruction of roads and bridges of thoroughfares in Marion County that cross into an adjacent county. Prohibits any additional funding for a professional soccer stadium project until and unless certain conditions are met. Amends the maximum grant amount from the local road and bridge matching grant fund based on annual vehicle miles traveled in the local unit. Provides that, if the city-county council in Marion County adopts a maximum county vehicle excise tax or a maximum county wheel tax, then the transportation infrastructure improvement fees that are attributable to motor vehicles registered in Marion County shall be transferred to the Marion County treasurer for deposit in a separate account to be used for the preservation and reconstruction of roadways in Marion County. Requires the Indiana department of transportation to reacquire

certain portions of roadways in Marion County that were previously designated as a state highway for administration in the state highway system, to occur before January 1, 2030. Provides that, for purposes of determining the right of the consolidated city of Indianapolis to receive a distribution of money from the motor vehicle highway account based on population, the population of all the territory of the consolidated city is considered its population. Specifies that the board of directors of an urban mass transportation system may incorporate services of a "transportation network company" or "TNC" that connects riders to individuals for prearranged rides through a digital network exchange as a part of its urban mass transportation system within the taxing district of the corporation. Makes an appropriation.

WATERSHED DEVELOPMENT COMMISSIONS (AYLESWORTH M) Provides that the executives of one or more counties may adopt ordinances designating their counties as members of a proposed watershed development commission (commission) and that the proposed commission is established as a legal entity with the counties as its members if it is recognized by the natural resources commission. Requires the natural resources commission, in deciding whether to recognize a proposed commission, to answer certain questions. Provides that a nonmember county may become a member of an established commission if its membership is accepted by the member counties and recognized by the natural resources commission. Requires the department of natural resources (department), with the approval of the natural resources commission, to certify the area of a member county that is within a commission's designated watershed. Sets forth certain flood damage reduction and drainage purposes for which a commission may be established. Provides that a commission may also have water quality purposes if the board develops a water quality improvement plan that is approved by the natural resources commission. Specifies that a water quality purpose, goal, project, or interstate agreement does not convey water quality regulatory authority to a watershed development commission. Requires a commission to develop a flood damage reduction and drainage plan for its designated watershed and grants a commission exclusive authority to perform drainage and flood damage reduction activities within the channel of the river that is the surface water outlet of the commission's designated watershed. Authorizes, however, a commission to enter into an interlocal cooperation agreement with an existing local governmental entity having some flood damage reduction authority to apportion authority and financial support between the two entities. Provides for a commission to be governed by a board that includes the director of the department (or the director's designee) and one representative of each member county. Provides that the board of a single county commission also includes the county surveyor. Establishes an advisory committee for each commission to provide counsel to the board. Provides for the funding of a commission through an annual special assessment against each taxable parcel of real property that is located: (1) in a member county; and (2) within the designated watershed of the commission. Establishes maximum assessment levels and allows the board of a commission to reduce the special assessment to lower levels. Authorizes a member county to adopt any of three alternative methods of funding the commission. Authorizes a commission to give preference to an Indiana business over an out-of-state business in contracting for public works. Allows the Maumee River basin commission, the St. Joseph River basin commission, or the Upper Wabash River basin commission to transform into a watershed development commission if the county executives of all participating counties, by vote of at least two of the three members of the county executive, approve the proposed transformation. Provides that if the St. Joseph River basin commission is transformed into a watershed development commission, the members of the St. Joseph River basin commission become members of the watershed development commission's advisory committee.
